### CITY MANAGER

Eric King

Members of the City Council and  
Community Members of the City of Bend, Oregon

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the City of Bend, Oregon (the City) for the fiscal year ended June 30, 2024.

This report presents the City's financial position as of June 30, 2024 and the results of its operations for the fiscal year then ended. The financial statements and supporting schedules have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and meet the requirements of the standards as prescribed by the Secretary of State Audits Division. We believe the data, as presented, is accurate in all material respects and presented in a manner designed to fairly present the financial position and results of operations of the various funds of the City.

The accuracy of the City's financial statements and the completeness and fairness of their presentation are the responsibility of City management. The City maintains a system of internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss or unauthorized use and that financial records can be relied upon to produce financial statements in accordance with GAAP. The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed benefits likely to be derived.

Moss Adams LLP, Certified Public Accountants, has issued an unmodified or "clean" opinion on the City's financial statements for the fiscal year ended June 30, 2024. The independent auditor's report is located at page 1 in the Financial Section of this report.

GAAP requires management to provide a narrative introduction, along with an overview and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A is located on page 4 immediately following the independent auditor's report.

## **City Profile**

The City is located in Central Oregon, just east of the Cascade mountain range and encompasses an area of 35.5 square miles in the City limits and 37.6 square miles with the Urban Growth Boundary. Bend is the largest city east of the Cascades in Oregon and is the commercial, recreational, social and innovation center of Central Oregon. Portland State University's estimated population estimate for Bend as of July 1, 2024 is 106,275. Bend serves as the seat for Deschutes County and as the hub of economic activity in a three-county region including Deschutes, Jefferson and Crook counties. Bend is the principal city of the Bend-Redmond Metropolitan Statistical Area (Bend MSA).

Incorporated in 1905, Bend is organized under a council/manager form of government and is served by a seven-member City Council. The Mayor and City Councilors are elected to four-year terms. The mayor is elected in a general election to a four-year term and Councilors select a Mayor Pro-Tem among themselves. A General Election was held on November 5, 2024 filling three councilor positions. All three of these positions will be sworn in on January 8, 2025 with a term date of 12/31/2028. The City Council sets policies and enacts ordinances. The City Council hires and directs a City Manager who is the City's Chief Executive Officer. The City Manager is responsible for the administration of the City and manages a staff of 19 department heads with 797.6 full-time equivalent employees (FTE) as of June 30, 2024.

The City provides a full range of municipal services which include police, fire protection and suppression, emergency medical services, construction and maintenance of streets, sidewalks and other public facilities, a municipal court, community development and planning, building permit and inspection activities, economic development, and water, water reclamation and stormwater infrastructure construction and operations. The City also operates an airport, cemetery and parking services.

In addition to the above general government activities, the City operates an urban renewal agency. The Bend Urban Renewal Agency (BURA) is a legally separate entity first established in 1984. BURA is currently managing three urban renewal areas. The Juniper Ridge Urban Renewal Plan was adopted in 2005 for development of approximately 700 acres of land in northeast Bend. The Murphy Crossing Urban Renewal Plan was adopted in 2008 for transportation and public utility improvements in southeast Bend. In August 2020, Council approved the Core Area Tax Increment Finance Plan that established the Core Area Tax Increment Finance Area. The Core Area includes the Bend Central District, East Downtown, inner Highway 20/Greenwood and KorPine opportunity areas. The accompanying financial statements include the activities of BURA.

The City adopts a biennial budget for all funds. The biennial budget encompasses a 24-month period beginning July 1 of all odd-numbered years. The City's budget is prepared in accordance with provisions of the Oregon Local Budget Law (ORS Chapter 294), which provides standard procedures for the preparation, presentation, administration, and appraisal of budgets. The law mandates public involvement in budget preparation and public exposure of its proposed programs. The law also requires that the budget be balanced. A budget is prepared for each fund requiring appropriations. Expenditure budgets for the 2023-25 biennium were appropriated by fund at the program level except for interfund transfers, debt service and contingency, which are budgeted by fund at the category level. Budgeted expenditures may not legally be overspent at the appropriation level.

The budget is presented through public hearings held by a budget committee which consists of an equal number of City Council and community members. After giving due consideration to the input received through public comment, the City Council approves a resolution that adopts the budget and sets appropriations for the biennium. A separate resolution is also adopted that authorizes the levying of property taxes. The adopted budget serves as the foundation for the City's financial planning and control.

## **Local Economy and Outlook**

Bend has shown its ability to promote and support growth in a variety of industries, most notably the high-tech and health care sectors. The *Milken Institute's Best-Performing Cities 2024*, dropped Bend's Tier 1 Small Cities rating to sixth place from fifth place. The City remaining among the top 15 small cities for the eighth year in row is largely because of its consistently strong labor market performance. This was driven largely by Bend's strong job and wage growth. However, Bend ranked last among Tier 1 small cities in housing affordability and second to last in income inequality. Per the Milken Institute's report, 81 percent of companies surveyed by the Bend Chamber of Commerce report that high housing costs have complicated efforts to attract new workers. Milken Institute states that the "ability of City officials to contain housing costs may determine the City's future labor market (and overall economic) performance."

The City Council and management have made housing and the creation of affordable housing in the City a priority goal as noted below. While the City and a majority of its community members have recovered from the health and financial impacts of the COVID-19 pandemic, its long-term social and economic effects are still being felt by businesses and residents. Unfortunately, as is typically the case during economic instability, vulnerable populations are being disproportionately impacted with higher unemployment and income losses than the broader population. This inequity is recognized by City Council and has been incorporated into Council goals as discussed below. In addition to the Council goal to create more affordable housing, the Council has focused on the creation of programs to provide transitional and temporary housing for houseless individuals as well as more permanent affordable (rent and price restricted) housing. The City has authorized a substantial portion of its American Rescue Plan Act (ARPA) funding, in addition to seeking and receiving funding from other resources, to address the inequity of housing and other needs for our lower income community members.

For the remainder of the biennium, as well as looking forward into the development of the 2025-27 biennium budget, the City is focused on achieving the existing 2023-25 biennium goals. Priorities in the current goals include ongoing funding for operating the houseless programs and shelters and funding for completing the infrastructure for transportation, water utilities and city facilities. Efficient and equitable City services and public safety remain a top consideration as the City looks to maintain its response times and customer service to the community.

Current forecasts from the Oregon Office of Economic Analysis indicate that the State of Oregon labor market remains positive with some concerns that the job creation is concentrated in only a few industry categories (health services, private education, and government). The Oregon economy is currently demonstrating moderate health. However, the economy of Oregon is highly vulnerable to national policies such as more restrictive immigration policies, and potential tax reforms all have potential to impacts. Expansion of tariffs could impact the key industrial pillars of the Oregon economy including timber, agriculture, tech/semiconductors and apparel. Oregon continues to see mixed signals in relation to population with outmigration exceeding immigration and the number of deaths exceeding births in the state. These have potential to impact the labor market. We also remain concerned of continuing economic disparities resulting

in a closer examination of how best to provide and deliver public services in an equitable and sustainable manner. This economic outlook results in a more conservative budget development process by the City. Higher costs and interest rates will also impact Council goals for infrastructure improvements in transportation, affordable housing and new City facilities.

## **Long-Term Financial Planning**

The City updates its long-term financial projections on an on-going basis and identifies both current and long-term funding needs and challenges to ensure the long-term financial stability of the City. The fiscal and investment policies are reviewed annually and updated as needed with Council approval. These were most recently updated and adopted by the City Council in June 2024.

The City maintains and updates long-term financial models on an annual basis for the following funds and programs: general fund, airport, police, fire, transportation, houseless, water, water reclamation and stormwater. The financial models are updated in addition to maintaining a Capital Improvement Program (CIP) that identifies infrastructure improvement projects within a 5-year time period, which are necessary to enhance service levels, address existing deficiencies, and provide for future growth. The 5-year CIP is updated annually and is coordinated with other departments within the City, various committees, and stakeholders. The City continues to refine its CIP process to enhance both financial planning and management decisions. A number of CIP projects were identified for funding during the 2023-25 biennium. These included complex, multi-year projects involving improvements to water, water reclamation, stormwater, and transportation infrastructure. More information on these projects is discussed under the Transportation and Infrastructure goal below.

## **Major Initiatives and Council Goals for 2023-2025 Biennium**

The City, through community input and Council participation, develops goals for each biennium cycle. Starting in January 2023 goals were developed, and the 2023-2025 biennial budget was developed in concert with those goals. The 2023-2025 goals build on the accomplishments and ongoing needs of the Bend community and contain goals from the 2021-2023 biennium.

The 2023-2025 Biennium goals are summarized as follows:

### ***Accessible & Effective City Government***

Bend deserves a City government that is inclusive and responsible. Our commitments include opportunities for everyone to have a voice in decision making and being accountable for our city's resources. Strategies to achieve these goals include the following.

Strategy 1: Advancing the city's commitment to equity by-

- developing and piloting an equity framework,
- developing and implementing a Language Access Policy and program,
- connecting community members who have experienced discrimination with resources, and

- exploring development and implementation of supplier diversity and community benefit programs.

Strategy 2: Expand community engagement with an emphasis on underrepresented community members

- launch and grow the Neighborhood District trailer program
- use roundtable programs to learn and report on council engagement opportunities
- implement innovative tools to engage new voices
- develop and launch a trustees partners program

Strategy 3: Implement process improvements and efficiencies to meet the needs of a growing City

- evaluate information practices between City Council and City advisory boards
- review Council compensation
- plan and build facilities to meet the needs of a growing city with a lens of sustainability
- implement asset management strategies

## ***Housing & Development***

Bend's median home price is almost double what an average household can afford. The need for more housing options is evidenced by data and experienced by our local community. The City is committed to providing solutions. Strategies to achieve these goals include the following.

Strategy 1: Plan for growth in alignment with climate, economic, and housing affordability strategies to ensure sufficient land supply for future needs

- improve permitting processes and review times
- shape state efforts to achieve housing goals in Central Oregon
- incorporate Stevens Road Tract into the Urban Growth Boundary (UGB)
- initiate an update to the 20 year growth plan

Strategy 2: Optimize housing continuum

- surplus City-owned properties to meet housing needs
- seek sustainable funding for shelter operations
- explore revenue and policy options to increase affordable and middle-income housing
- pursue partnerships related to housing and support services

Strategy 3: Encourage economic development that results in shared prosperity

- complete Economic Opportunity Analysis
- create an economic development strategic plan
- strategically invest in the Core Area to catalyze private development
- complete funding for air traffic control tower at Bend Municipal Airport
- leverage City-owned land at Juniper Ridge

## ***Environment & Climate***

The City will act as a steward of our land, air, and water in concert with our community's values. To ensure a healthy environment, we will work to preserve access to nature, reduce our community's carbon emissions, and support sustainable and smart growth. Strategies to achieve these goals include the following.

Strategy 1: Protect our watershed through conservation and water stewardship

- explore options for future expansion of the Water Reclamation Facility
- continue participation in the Deschutes Basin Water Collaborative (DBWC)
- implement conservation goals in the Water Management and Conservation Plan (WMCP)

Strategy 2: Advance the Community Climate Action Plan (CCAP) and encourage sustainable development

- develop new policies to support sustainable development
- implement 2-4 CCAP strategies prioritized by the Environment and Climate Committee
- update the CCAP to integrate new greenhouse gas reduction strategies

## ***Public Safety***

Emergency services in Bend exceed national performance standards, and our community relies on the City's public safety services. The majority of the City's General Fund and community's property tax dollars go to supporting Bend Fire and Rescue and the Bend Police Department. The City is committed to creating an environment where all community members feel safe accessing the services they need as well as delivering these services in ways that build community resiliency and trust. As we grow, we continue to scale and monitor the excellence of their services. Strategies to achieve these goals include the following.

Strategy 1: Ensure housing and other critical infrastructure can withstand wildfires and other disasters

- launch community education, prevention, and preparedness programs
- develop Hazard Mitigation Plans
- develop Continuity of Operations Plan (COOP)
- establish the Department of Risk and Emergency Management

Strategy 2: Maintain service levels to keep pace with increasing calls and expanding range of service demands

- continue to review and improve employee retention efforts
- develop a long-term staffing strategy for the Fire and Police departments
- maintain Fire/Emergency Medical Service response times and cardiac arrest survival rate

Strategy 3: Reduce service demands through partnerships, use of technology, alternative response, and community education

- develop and implement a technology investment plan for police and fire
- evaluate automated traffic enforcement to improve traffic safety
- advance local gun safety in alignment with state policy changes
- identify and implement partnerships for alternative responses

## ***Transportation & Infrastructure***

Core services meet our community's essential needs, and the City maintains quality water, transportation, and sewer services. As Bend grows, these systems grow in kind. This biennium, the City is focusing particularly on growing Bend's transportation system- making roads smoother and building connections across town. Infrastructure is the backbone of a community. Strategies to achieve these goals include the following.

Strategy 1: improve the transportation system by focusing on safety and securing sustainable funding aligned with a Transportation System Plan

- continue to pursue funding and partnerships to build the Mid-Town Crossing
- build Bend Bikeways
- implement transportation programs and mobility initiatives
- collaborate with Central Oregon Intergovernmental Council to pursue transit funding
- pursue new revenue sources to maintain current service levels
- update system development charges (SDC) methodology

Strategy 2: Ensure water, wastewater, and stormwater systems are aligned with the needs of a growing city

- complete master planning efforts for sewer collections and stormwater systems
- continue Outback Facility expansion to support wildfire resiliency and needs
- complete an in-conduit hydro feasibility study

Additional details relating to each of these goals is available on the City's website at [www.bendoregon.gov](http://www.bendoregon.gov).

## **Other Financial Information**

Independent Audit – State statutes require an annual audit by an independent certified public accountant. The accounting firm of Moss Adams LLP, selected by the City Council, performed the City's annual audit for the fiscal year ended June 30, 2023. In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Single Audit). The auditor's report on the financial statements and required supplementary information is included in the Financial Section of this report. The auditor's reports related specifically to the single audit are included in the Compliance Section.

Certificate of Achievement – The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bend for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2023. The Certificate of Achievement is a prestigious national award that is an important recognition of conformance with the highest standards for preparation of state and local government financial reports. The City has received this certificate from the GFOA for 30 consecutive years since June 30, 1993. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR that conforms to program standards and satisfies both GAAP and applicable legal requirements. The City believes that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Distinguished Budget Presentation Award – The City has also received the Distinguished Budget Presentation Award from the GFOA for every budget document since 1998. The award represents the City's commitment to meeting the highest principles of governmental budgeting. The budget is rated in four major categories: as a policy document, an operations guide, a financial plan and a communications device. Budget documents must be rated "proficient" in all four categories to receive the award.

Acknowledgments – We wish to thank everyone who contributed to the preparation of this report with special thanks for dedication and expertise in financial reporting going to Accounting and Financial Reporting Manager Kymala Lutz, Financial Accountant Matt Kolb, Financial Accountant Katie Arnold, Financial Accountant Michelle Tippetts, and Staff Accountant Alma Aguiar. We would also like to express our appreciation to the City Council and the Audit and Budget Committees for their interest and support in planning and overseeing the operations of the City in a responsible and professional manner.

Respectfully submitted,

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Bend, Oregon (the City) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (Government Auditing Standards), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter – Change in Accounting Principle***

As discussed in Note 1 to the financial statements, in 2024, the City adopted the Governmental Accounting Standards Board's new accounting guidance Statement No. 100, *Accounting Changes and Error Corrections*. Our opinions are not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the City's Proportionate Share of the Net Pension Liability/(Asset), the Schedule of the City's Pension Plan Contributions, the Schedule of the City's Proportionate Share of the Net OPEB Liability/(Asset), the Schedule of the City's OPEB Plan Contributions, the Schedule of Changes in the City's Total OPEB Liability and Related Ratios, and the notes to the Required Supplementary Information, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information for the General Fund and major special revenue funds, as listed in the Table of Contents as Required Supplementary Information, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The required budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the required budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Schedule of Expenditures of Federal Awards and related notes, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, the other supplementary information, and other financial schedules, each as listed in the table of contents (collectively, the supplementary information), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

*Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated December 12, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

**Other Reporting Required by Oregon Minimum Standards**

In accordance with the *Minimum Standards for Audits of Oregon Municipal Corporations*, we have also issued our report dated December 12, 2024, on our consideration of the City's compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0330 of the *Minimum Standards for Audits of Oregon Municipal Corporations*. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

## **Management's Discussion and Analysis**

### **Fiscal Year Ended June 30, 2024**

This Management's Discussion and Analysis (MD&A) is presented to facilitate financial analysis and provide an overview of the financial activities of the City of Bend, Oregon (the City) for the fiscal year ended June 30, 2024. Information in the MD&A is based on currently known facts, decisions and conditions. Please read it in conjunction with the transmittal letter, the basic financial statements and the accompanying notes to those financial statements.

### **FINANCIAL HIGHLIGHTS**

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of fiscal year by \$1,210.9 million (net position). As shown on Table 1-A, \$155.5 million is unrestricted and may be used to meet the City's ongoing obligations and pay for daily operations.
- The City's total net position increased by \$62.7 million from fiscal year 2022-23 consisting of an increase of \$18.7 million in the net position of governmental activities, and an increase in net position of the business-type activities of \$44.0 million.
- The City's liabilities and deferred inflows totaled \$793.9 million at fiscal year-end. This increase of \$123.6 million is due mainly to a net increase of \$117.1 million due to the issuance of long-term debt and related premiums of \$139.0 million less debt payments and amortization of premiums of \$21.9 million and an increase of \$24.4 million in pension liability and \$4.0 million in accounts payable and other liabilities. These increases were offset by decreases of \$17.3 million in deferred inflows of resources and related deferred inflows related to pensions and a \$4.2 million decrease in unearned revenue.
- The City's governmental funds reported combined ending fund balances of \$219.7 million, an increase of \$65.8 million (42.7%), in comparison to fiscal year 2022-23. This increase was the net result of \$82.0 million of additional resources offset by expense increases of \$16.1 million. The largest increase in resources was the receipt of \$110.9 million in debt proceeds. Other significant resource increase were \$3.5 million in taxes and franchise fees, \$0.3 million in system development charges, \$0.9 million in intergovernmental revenues, \$2.5 million in charges for services and licenses and permits, \$6.9 million in transfers from other funds, and an increase of \$5.4 million of unrealized investment gains. The largest increases in expenses were an additional \$12.8 million in operating expenditures, an increase of \$1.1 million in additional debt service expenditures, a \$4.4 million increase in transfers out to other departments and funds with a \$2.2 million dollar decrease in capital outlay for a net increase in expenditures of \$16.1 million. Of the combined ending fund balances, \$80.1 million, or 36.4%, is available for spending at the City's discretion subject to Council approved policies (assigned and unassigned fund balances).
- The unassigned fund balance for the General Fund was \$39.1 million or 92.7% of total General Fund expenditures.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The Basic Financial Statements and Supplementary Information are presented using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. The Basic Financial Statements are comprised of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the basic financial statements

The Basic Financial Statements present financial information about the City as a whole and about its activities. Following the Basic Financial Statements are Required Supplementary Information and Other Supplementary Information, which provide budgetary comparisons for each fund. Finally, completing the document is a series of other financial and statistical schedules and the compliance section.

All financial statements are presented in whole dollars. Actual amounts may vary due to rounding.

## **Management's Discussion and Analysis**

**Fiscal Year Ended June 30, 2024**

### **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

#### **1. Government-Wide Financial Statements**

The government-wide financial statements are designed to present the financial picture of the City in a manner similar to a private-sector business, i.e. from the economic resources measurement focus using the accrual basis of accounting.

The Statement of Net Position includes all assets (including infrastructure), and deferred outflows of the City as well as all liabilities (including long-term debt), and deferred inflows. Net Position is the difference between assets and deferred outflows and liabilities and deferred inflows, which is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position may be an indicator of whether its financial health is improving or deteriorating.

The Statement of Activities reports all revenues when earned and expenses when incurred regardless of the timing of related cash flows. The focus of the Statement of Activities is to present the major program costs, matching major resources with each. To the extent a program's costs are not recovered by grants and direct charges, the costs are paid from taxes and other general revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

The government-wide financial statements distinguish programs/functions of the City that are governmental (principally supported by taxes and intergovernmental revenues) from those that are business-type (intended to recover all or a significant portion of their costs through user fees and charges).

Governmental activities of the City are categorized as follows:

- General government – includes centralized services such as fleet management, information technology, facility management, public works laboratory, insurance, administration and financial services, legal and risk management, and other general functions not separately identified as a program.
- Public safety – includes police, fire and emergency medical services.
- Infrastructure – includes the City's street maintenance operations, street and local improvement construction and the City's engineering activities.
- Community and economic development – includes the City's community development, building inspection, planning, growth management, community development block grant, affordable housing, houseless services, tourist promotion, and economic improvement district activities.
- Permanent Maintenance – includes the City's cemetery permanent maintenance collections.
- Urban renewal – consists of the activities of the Bend Urban Renewal Agency.

Business-type activities include the following:

- Water
- Water Reclamation
- Airport
- Cemetery
- Parking Services
- Stormwater

The government-wide financial statements can be found on pages 18 - 19 of this report.

## **Management's Discussion and Analysis**

### **Fiscal Year Ended June 30, 2024**

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

##### **2. Fund Financial Statements**

Following the government-wide statements is a section containing fund financial statements. The fund financial statements include statements for governmental funds and proprietary funds. Funds are used to segregate resources for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

##### **Governmental Funds**

Governmental Funds are used for essentially the same functions as governmental activities in the government-wide financial statements. Governmental fund statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. They are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term funding decisions.

The following reconciliations are provided to facilitate a comparison between governmental funds as reported in the fund financial statements and governmental activities as reported in the government-wide financial statements:

- A reconciliation of the fund balance reported in the governmental funds Balance Sheet to the net position reported on the government-wide Statement of Net Position, and
- A reconciliation of the change in fund balances reported in the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances to the change in net position reported in the government-wide Statement of Activities.

The City has 31 governmental funds. The governmental fund statements present five major funds separately: General Fund, Streets & Operations Fund, Fire/EMS Fund, System Development Charges (SDC) Fund, and the 2020 General Obligation Construction Fund. The other 26 nonmajor funds are combined and presented in a single column as nonmajor governmental funds.

The basic governmental fund financial statements can be found on pages 20 - 24 of this report.

##### **Proprietary Funds**

Proprietary funds are used to account for activities supported by user charges and where the emphasis is on the sufficiency of revenues to cover expenses. There are two types of proprietary funds - enterprise funds and internal service funds.

The basic proprietary fund financial statements can be found on pages 25 - 29 of this report.

The City uses enterprise funds to account for its water, water reclamation, airport, cemetery, parking services and stormwater operations. The water and water reclamation funds are presented separately as major funds in the proprietary fund financial statements while the airport, cemetery, parking services, and stormwater funds are combined and presented in a single column as nonmajor enterprise funds.

Internal service funds (ISF) are generally used to accumulate and allocate the costs of the City's central services to all operating departments. The City has three internal service funds. The City-Wide Administration ISF includes administration and financial services, legal and risk management, insurance, information technology, and facility management. The Departmental Administration ISF consists of fleet management, engineering, and public works laboratory. The Other Post Employment Benefits (OPEB) - ISF Fund accumulates reserves for future payments of OPEB costs. Because the internal service funds activities predominantly benefit governmental rather than business-type functions, their assets and liabilities have been included with governmental activities in the government-wide financial statements.

## Management's Discussion and Analysis

### Fiscal Year Ended June 30, 2024

#### OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

##### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City's only fiduciary fund is to collect and pass-through park system development charges (SDC's) for Bend Park and Recreation District, state assessments for building permits, and other fines and fees collected for the State of Oregon and Deschutes County. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 30 - 31 of this report.

##### **3. Notes to the Basic Financial Statements**

The notes to the basic financial statements provide information that is essential for a full understanding of the data. The notes to the basic financial statements provide information that is essential for a full understanding of the data.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

This section discusses and analyzes significant changes from the prior fiscal year in the government-wide financials.

##### **Government-wide Financial Analysis**

As previously mentioned, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$1,210.9 million at June 30, 2024, an increase of \$62.7 million from the prior year. The following is a condensed statement of net position and an analysis of the change in the City's financial position from the previous year.

	Governmental Activities		Business-type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
<b>Assets</b>						
Current and other assets	\$ 315.1	\$ 228.0	\$ 207.1	\$ 197.9	\$ 522.2	\$ 425.9
Capital, lease and SBITA assets	701.5	654.1	730.5	688.8	1,432.0	1,342.9
<b>Total assets</b>	<b>1,016.6</b>	<b>882.1</b>	<b>937.6</b>	<b>886.7</b>	<b>1,954.2</b>	<b>1,768.8</b>
Deferred outflows of resources	44.1	43.3	6.5	6.4	50.6	49.7
<b>Liabilities, Deferred Inflows</b>						
Other liabilities	44.9	43.2	21.9	20.2	66.8	63.4
Non-current liabilities	414.8	285.8	265.2	256.9	680.0	542.7
<b>Total liabilities</b>	<b>459.7</b>	<b>329.0</b>	<b>287.1</b>	<b>277.1</b>	<b>746.8</b>	<b>606.1</b>
Deferred inflows of resources	24.5	38.6	22.6	25.6	47.1	64.2
<b>Net Position</b>						
Net invested in capital assets	463.0	473.6	463.9	428.3	926.9	901.9
Restricted	121.0	66.0	7.5	7.5	128.5	73.5
Unrestricted	(7.5)	18.2	163.0	154.6	155.5	172.8
<b>Total net position</b>	<b>\$ 576.5</b>	<b>\$ 557.8</b>	<b>\$ 634.4</b>	<b>\$ 590.4</b>	<b>\$ 1,210.9</b>	<b>\$ 1,148.2</b>

<sup>^</sup>Actual amounts may vary due to rounding.

Capital, Lease and Subscription-based IT arrangement assets increased \$89.1 million. Of this increase, \$49.5 million is due to the extensive work on the City's transportation, water, water reclamation and stormwater infrastructure. Current and other assets increased \$96.3 million primarily due to the receipt of debt proceeds at the end of the fiscal year. These proceeds will be spent on the public works campus and various transportation projects in fiscal 2024 and future years. The City's restricted and unrestricted net position increased by \$37.7 million.

The City total debt increased by \$117.1 million as discussed in further detail in the debt administration section on page 15.

**Management's Discussion and Analysis**  
**Fiscal Year Ended June 30, 2024**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

The majority of the net position, (76.6%), is invested in capital assets (land, buildings, infrastructure, etc.) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to community members; consequently, these assets are not available for future spending.

Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

**Analysis of Changes in Net Position**

The following is a comparison between the June 30, 2024 and 2023 Statement of Activities.

	Governmental Activities		Business-type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
<b>Revenue</b>						
Program revenues						
Charges for services	\$ 67.4	\$ 62.5	70.5	67.4	\$ 137.9	\$ 129.9

\*Actual amount is too small to report for permanent maintenance

<sup>^</sup>Actual amounts vary due to rounding

## Management's Discussion and Analysis

### Fiscal Year Ended June 30, 2024

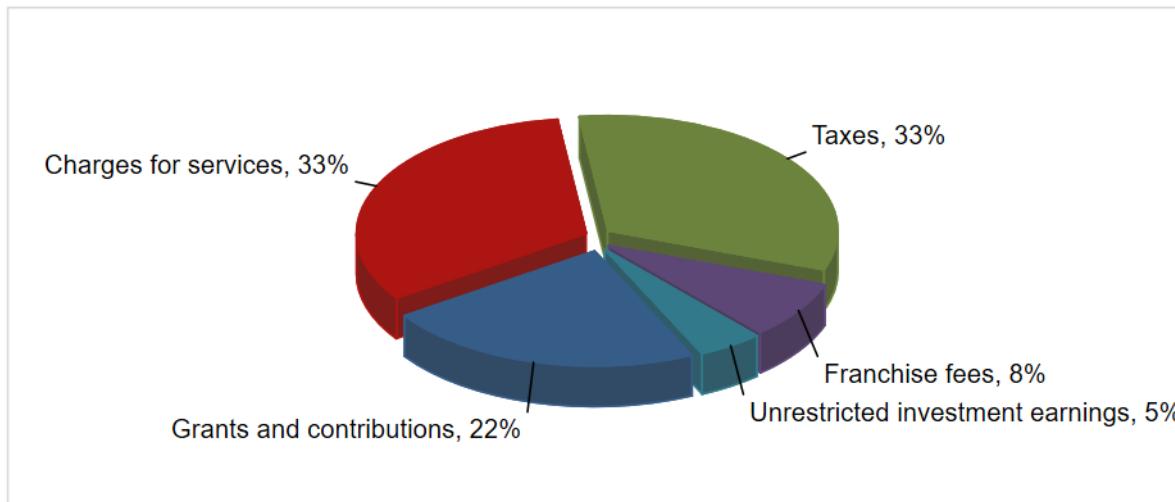

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

##### Governmental Activities

Governmental activities increased the City's net position by \$18.7 million for the year ended June 30, 2024. Key elements of the increase are as follows:

- Total program revenues increased by \$18.1 million; which includes, charges for services increasing \$4.9 million related to increased building and planning permits fees related to development, capital grants and contributions increasing \$10.9 million due to increased infrastructure contributions from developers and operating grants and contributions increasing \$2.3 million due to additional ARPA spending.
- Total General Revenues increased \$10.0 million due to increases in taxes of \$1.8 million, increases of \$1.3 million in franchise fee receipts and a \$6.9 million increase in unrestricted investment income related to elevated interest rates.
- Governmental expenses totaled \$178.5 million as of June 30, 2024. This is an increase of \$13.5 million over the prior year which is made up of by \$8.7 million increase due to changes in pension and OPEB liabilities, as well as deferred outflows/inflows and other personnel related expenses. Additional increases of \$1.1 million in interest expense related to the City's larger outstanding debt and \$3.3 million in materials and service, depreciation, and other operational expenses.

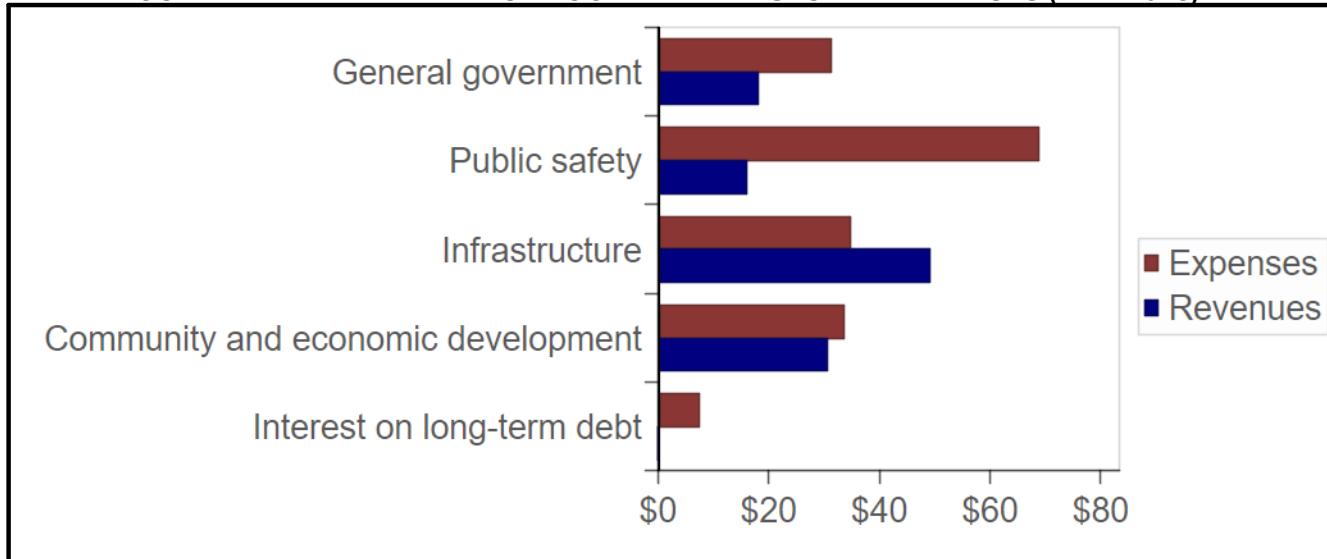

#### GOVERNMENTAL REVENUES BY TYPE

**Management's Discussion and Analysis**  
Fiscal Year Ended June 30, 2024

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

**GOVERNMENTAL ACTIVITIES PROGRAM REVENUES AND EXPENSES (in millions)**

\* The actual amount for Permanent maintenance is too small to report

The chart above compares the revenues, not including any subsidies from the general fund, and expenses for each of the City's programs and shows the extent of each program's dependence on general revenues for support in the current year.

General government activities include central services such as fleet management, information technology, facility management, engineering, public works laboratory, insurance, administration and financial services, and legal and risk management. These programs generate some external revenues but are primarily funded from charges to the city functions they support.

The Public Safety function (police, fire, and emergency services) generates program revenues as well, but property taxes and state shared revenues fund the majority of its costs.

Infrastructure is funded with intergovernmental revenues (primarily state gas taxes), developer contributions, system development charges, grant revenue, and franchise fees.

Community and Economic Development programs are funded with Federal Housing and Urban Development Department grant revenues, loan repayments, charges for building permits, and development planning and inspections fees.

**Business-type Activities**

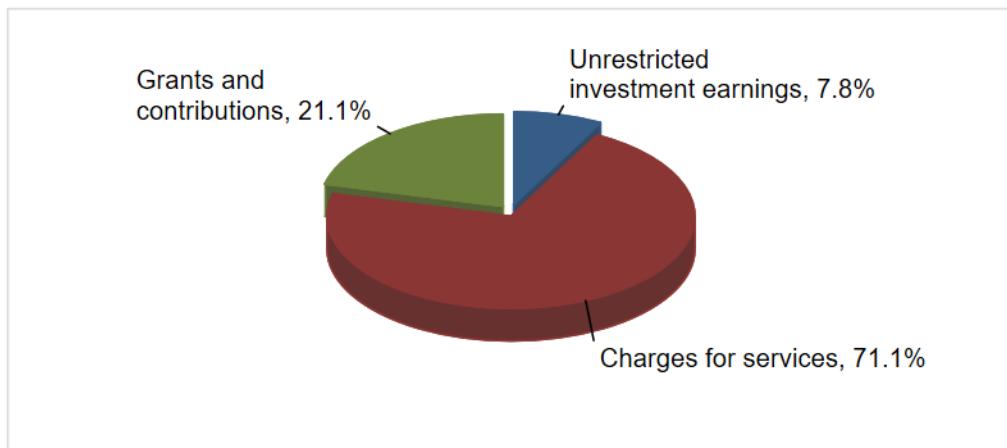

As shown in Table 2-A, the City's business-type activities increased the City's net position by \$44.0 million. Water and water reclamation contributed \$11.2 million and \$24.8 million, in net position, respectively to this increase. Total revenues from business-type activities increased by \$19.1 million from the prior year. Increases in charges for services of \$3.1 million are primarily due to higher water and water reclamation service charges. Capital grants and contributions from state and federal sources, increased by 10.8 million and investment earnings increased by \$5.3 million due to higher than projected interest earning rates.

Business-type expenses increased overall by \$6.0 million. Salary and benefits accounts for \$2.5 million of the increase primarily driven by changes in pension and OPEB liabilities and deferred outflows/inflows. Additional increases include \$1.4 million in charges for internal services, \$0.9 million for additional materials and services, and \$1.4 million in depreciation and amortization.

**Management's Discussion and Analysis**  
Fiscal Year Ended June 30, 2024

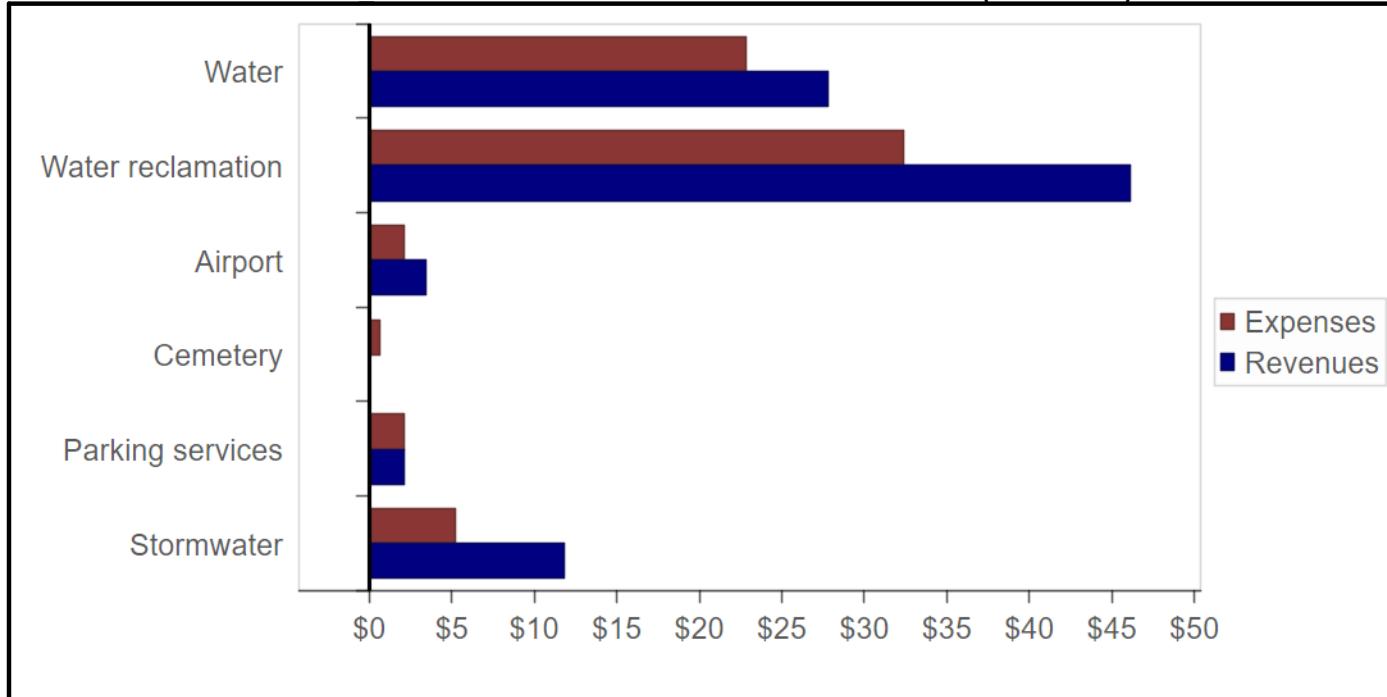

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

**BUSINESS-TYPE ACTIVITIES REVENUES BY TYPE**

As shown in the pie chart above, charges for services accounted for 71.1% of total business-type revenue in fiscal year 2023-24 compared to 84.3% in fiscal year 2022-23, due to an increase in capital grants and contributions accounting for a larger share of the total Business Type Activity revenue.

**BUSINESS TYPE ACTIVITIES REVENUES AND EXPENSES (in millions)**

The graph above shows that revenues for water and water reclamation operations are higher than their respective direct expenses because water and water reclamation rates have been increased to generate revenues for infrastructure spending and stabilize rate adjustments over the next five years, and developer contributed assets are recognized as contribution revenue. Acquisitions of capital assets and principal payments on long-term debt are not reported as direct expenses, but are reported as additions to assets and reductions to liabilities respectively on the Statement of Net Position. Cemetery and parking services revenues are essentially equivalent to the related direct expenses as there are minimal capital improvements and minimal debt service for these two operations. Stormwater operations are funded by a monthly customer fee and allow the City to make needed improvements to the infrastructure.

## **Management's Discussion and Analysis**

### **Fiscal Year Ended June 30, 2024**

#### **FUND ANALYSIS**

The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

##### **Governmental funds**

The focus of the governmental funds is to provide information on near-term inflows, outflows and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds and Permanent Funds.

The City's governmental funds reported combined ending fund balances of \$219.7 million, a significant increase of \$65.8 million, in comparison to fiscal year 2022-23. This increase is due to increases of \$79.0 million in debt issuance, \$3.5 million in taxes and franchise fees and \$1.2 million in system development charges and intergovernmental revenues, \$2.5 million in charges for services, licenses and permits, \$6.9 million in transfers in from other funds, \$5.4 million in unrealized investment gains and \$2.2 million decrease in capital outlay offset by increases of \$12.8 million in operating expenditures, \$1.1 million in debt services expenditures and \$4.4 million in transfers to other departments. Of the combined ending fund balances, \$80.6 million, or 36.7%, is available for spending at the City's discretion subject to Council approved policies (assigned and unassigned fund balances).

Of the combined ending fund balance of \$219.7 million, \$5.0 million was nonspendable related to the assets held for resale and the Cemetery Permanent Maintenance Fund; \$118.8 million was restricted by creditors, grantors or by law; \$15.8 million was committed to specific purposes through City Council adopted resolution or ordinance;

\$41.4 million was assigned by intent of the City to a specific purpose; and \$38.8 million was unassigned and available for spending by the City within the purposes specified for the City's funds.

The General Fund is the primary operating fund of the City. At the end of the fiscal year, the unassigned fund balance of the General Fund was \$39.1 million, up \$4.3 million (12.8%) from the previous year. Increases in taxes and franchise fees contributed to the increase in unassigned fund balance. A 4% increase in collected property taxes and 8.8% increase in franchise fees due to increased operator revenue. The unassigned fund balance represents 85.8% of total General Fund requirements.

The other major governmental funds are the Streets & Operations Fund, Fire/EMS Fund, the System Development Charges (SDC) Fund and the 2020 General Obligation Bond Fund. The Streets & Operation Fund's ending fund balance decreased by \$1.6 million due to an increase in program expenditures related to personnel, materials and supplies and debt service. The ending fund balance for Fire/EMS increased by \$0.7 million due to increased intergovernmental revenues, property taxes and investment earnings reduced by increased programmatic expenditures along with increases in debt services. The SDC Fund's ending fund balance increased by \$0.8 million primarily due to an increase in system development charges and investment earnings offset by an increase in transfers out.

The Transportation Construction Fund was replaced by the 2020 General Obligation Bond fund as a major fund in fiscal year 2024 due to the receipt of \$65.7 million of debt proceeds. The 2020 General Obligation Bond ending fund balance increased by \$55.3 million due to debt proceeds and associated premiums for projects in 2025 offset by personnel expenditures and capital outlay for projects completed in fiscal year 2024.

##### **Proprietary funds**

The City's proprietary funds provide the same type of information found in the government-wide financial statements where the focus is on the sufficiency of revenues to cover expenses. The City's two major proprietary funds are the Water Fund and the Water Reclamation Fund.

The unrestricted net position of the Water Fund at the end of the year amounted to \$52.6 million, a decrease of \$12.3 million due to investment in necessary water infrastructure projects. Net investment in capital assets increased by \$23.6 due to an increase in capital infrastructure in addition to a decrease in capital related debt. SDC's generated \$3.5 million of revenue and developer contributed infrastructure totaled \$3.9 million.

## Management's Discussion and Analysis

### Fiscal Year Ended June 30, 2024

#### **FUND ANALYSIS (Continued)**

##### **Proprietary funds (Continued)**

In the Water Reclamation Fund, the unrestricted net position at the end of the year amounted to \$99.9 million, an increase of \$12.4 million. Overall net position increased \$24.8 million. Net investment in capital assets increased by \$12.3 million due to an increase in capital infrastructure in addition to a decrease in capital related debt. SDC's generated \$6.6 million of revenue and developer contributed infrastructure totaled \$8.9 million.

SDC's are received in the SDC Fund (a major governmental fund) and transferred to the Water and Water Reclamation Funds as qualifying expenses are incurred. Revenues from these charges decreased in the Water Fund by 5.4% and decreased in the Water Reclamation Funds by 16.5% in fiscal year 2023-24 over fiscal year 2022-23.

Other factors concerning the finances of the proprietary funds can be found in the previous discussion of the City's business-type activities.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The budgetary statement for the General Fund, which is located on page 78, shows the original budget, final budget, actual revenues and expenditures, and transfers in and out for the fiscal year ended June 30, 2024. During the 2023-2025 biennial budget cycle, General Fund budgeted resources changed as follows:

- Budgeted resources decreased by \$84 thousand. Those changes included increases of \$66 thousand in intergovernmental revenues offset by decreases of \$150 thousand in transfers in.
- Budgeted expenditures and transfers out increased by \$1.1 million. This increase was a result of adding \$0.9 million for increased staffing within the police program and \$0.2 million to the community projects program to keep pace with community needs.

#### **CAPITAL ASSETS**

As of June 30, 2024 the City had invested \$1,432.0 million in capital assets, net of depreciation and amortization, as reflected in the following table. This represents a net increase (additions, disposals and depreciation) of \$89.1 million. Governmental capital assets totaled \$701.6 million while business-type capital assets totaled \$730.4 million.

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Land including right-of-way	\$ 157.8	\$ 157.4	\$ 8.1	\$ 8.1	\$ 165.9	\$ 165.5
Land use rights	-	-	1.4	1.4	1.4	1.4
Works of art	1.0	0.9	-	-	1.0	0.9
Buildings and improvements	19.2	19.1	15.6	15.6	34.8	34.7
Infrastructure	375.6	366.7	661.3	621.5	1,036.9	988.0
Right to use, asset	43.2	44.5	0.8	0.7	44.0	45.2
Vehicles and equipment	13.0	11.9	3.3	3.3	16.3	15.2
Software	7.2	8.4	-	-	7.2	8.4
Construction in progress	84.6	45.3	39.9	38.3	124.5	83.6
<b>Total</b>	<b>\$ 701.6</b>	<b>\$ 654.2</b>	<b>\$ 730.4</b>	<b>\$ 688.9</b>	<b>\$ 1,432.0</b>	<b>\$ 1,342.9</b>

Activities affecting capital assets for fiscal year 2023-24 are as follows:

- Street Construction - Improvement of various street infrastructure projects added \$4.3 million to capital assets. Projects included paving projects designed to improve and extend the life of approximately 65 lane miles of street surfaces. Developer constructed street infrastructure contributed to the City totaled \$13.8 million in the current year.

## Management's Discussion and Analysis

### Fiscal Year Ended June 30, 2024

#### **CAPITAL ASSETS (Continued)**

- Transportation Construction - \$20.0 million went to the construction of new streets and transportation projects. Major projects included the completion of the Newport Corridor Improvements and Citywide safety improvements as well as others. Continuing work on the Wilson Avenue Corridor Improvements, Midtown Crossing Improvements and the Purcell Boulevard extension. Other improvements included the North Corridor project in coordination with the Oregon Department of Transportation and Hawthorn Avenue overcrossing. These projects include funding from the 2020 GO Bond.
- Water Fund Improvements - \$22.4 million was expended on water improvements in 2023-2024. Projects included improvements to the Empire, Murphy and Newport Corridors. Additional projects included improvements to the Awbrey Butte Distribution and an updated Water Master Plan. Developer constructed water infrastructure contributed to the City totaled \$3.9 million in the current year.
- Water Reclamation Fund Improvements added to capital assets in 2023-2024 were \$11.4 million. Significant projects were Capacity Improvements, Sillver Sage, Pinehaven and Woodhaven improvements, Collection System Enhancements and several individual Pump Station upgrades and decommissions. Developer constructed water reclamation infrastructure contributed to the City totaled \$8.9 million in the current year.
- Stormwater Improvements - Improvements to the City's stormwater system added \$3.2 million to capital assets. Significant projects were the Newport pipe replacement and Awbrey Butte Distribution improvements. Developer constructed infrastructure contributed to the City totaled \$6.1 million in the current year.

Please refer to Note 5 on pages 46 - 47 of the basic financial statements for further detailed information on capital assets.

#### **DEBT ADMINISTRATION**

As of June 30, 2024, the City had \$532.4 million in long-term debt and unamortized premiums and discounts, an increase of \$117.1 million from the prior year. The City has an unamortized balance of premiums and discounts on long-term debt issuances of \$41.2 million that are amortized over the life of the associated debt. Debt outstanding by type at year-end is as follows:

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Full faith & credit obligations	\$ 90.4	\$ 53.0	\$ 1.5	\$ 1.6	\$ 91.9	\$ 54.6
Revenue bonds	-	-	73.6	76.3	73.6	76.3
Notes payable	55.9	49.3	168.8	158.8	224.7	208.1
General obligation debt	101.0	44.5	-	-	101.0	44.5
	247.3	146.8	243.9	236.7	491.2	383.5
Unamortized premiums & discounts	24.1	13.7	17.1	18.1	41.2	31.8
Total outstanding debt	<u>\$ 271.4</u>	<u>\$ 160.5</u>	<u>\$ 261.0</u>	<u>\$ 254.8</u>	<u>\$ 532.4</u>	<u>\$ 415.3</u>

The significant changes in long-term debt include proceeds of \$58.7 million from the issuance of 2024 general obligation bonds, \$50.9 million in 2024 full faith and credit obligations for new projects and capital equipment and \$18.2 million for drawdowns of notes payable from the State of Oregon Department of Environmental Quality to fund construction on the water reclamation system. Unamortized premiums increased by \$9.4 million from the issuance of the 2024 general obligation bonds and full faith and credit obligations. The increases were offset by \$21.9 million in principal payments and amortization of premiums.

## **Management's Discussion and Analysis**

**Fiscal Year Ended June 30, 2024**

### **DEBT ADMINISTRATION (Continued)**

#### **Debt Limitation and Ratings**

Oregon Revised Statutes 287A.050 provides a limit on general obligation bonded indebtedness in excess of 3% of the real market value of all taxable property within the City. Based on the fiscal year 2023-24 value, the City's debt limitation is \$1,065.5 million. The City is well within its debt limitation with an amount of outstanding debt subject to this limitation of \$100.9 million.

The City of Bend's long-term bonds are rated by Moody's Investors Service and/or Standard & Poor's Financial Services LLC as follows:

<u>Issue Type</u>	<u>Global Scale Rating</u>
General Obligation Bonds	Aa2
Full Faith and Credit Obligation Bonds	Aa2/AA+
Water Revenue Bond	Aa2/AA
Sewer Revenue Bond	AA

Please refer to Note 11 on pages 54 - 61 of the basic financial statements for further detailed information on long-term debt.

#### **ECONOMIC FACTORS**

Based on preliminary estimates from Portland State University, the population of the City of Bend as of July 1, 2024, was 106,275, which is 50.1% of the population of Deschutes County. As noted in the Transmittal Letter, Bend continues to be one of the top 15 Best Performing Small Cities in the US per the Milken Institute Best Performing Cities 2024 Report. Bend's population increased 37.2% in the last 10 years. This level of growth continues to put a huge demand on City services and City resources.

The 2023-2025 biennial budget was prepared to reflect the City's response to revenue pressures associated with modest revenue growth forecasts with a potentially slowing economy while maintaining services offered to the community. Also incorporated into this response was funding to address City Council's goals for the biennium. The 2023-2025 adopted budget assumes modest revenue growth forecasts and utilizes reserve and contingency levels to mitigate the impact of funding decrease on the community. In addition, the budget reflects an increase in property tax levies related to the voter approved Fire Levy. Estimated increases in the utility funds revenues include rate increase to fund ongoing operations as well as future needs of the City to maintain these infrastructure systems. Increased building and planning related fees are included in the budget to support the City's Community and Economic Development department in order to maintain timely processing of documents and applications of a growing city.

City Council goals adopted for the 2023-2025 biennium were developed with community input and designed to address the concerns and needs of the community. As directed by Council, the City has been utilizing funding from the American Rescue Plan Act (ARPA) to address the impacts of the COVID-19 pandemic with a special emphasis on addressing inequities in the City's most vulnerable populations. ARPA funding, in concert with other state and local funding, has and will be utilized to provide community assistance in paying utility bills, job training, childcare and after school programs, houseless assistance and the purchase, renovation and operations of three low barrier and temporary shelters and a Navigation center.

The economic outlook for next biennium is cautious and conservative. The City completed negotiations with its three bargaining units in the Summer of 2022. Those new contracts included wage increases of 5-10% over the 3 years of the contracts as well as other benefits to help retain a healthy and productive workforce at the City. These contracts will expire June 30, 2025. Current forecasts from the federal and state governments continue to indicate a slowing of the economy. That, coupled with the current increase in inflation, across-the-board price increases and the committed wage increases, warrant a strong consideration to develop moderate expectations for future growth. The City will develop its next biennium budget with an eye toward maintaining current services, and being prepared to pivot on any subsequent changes in the economic forecast.

**Management's Discussion and Analysis**  
**Fiscal Year Ended June 30, 2024**

**REQUESTS FOR INFORMATION**

The City's financial statements are designed to present users with a general overview of the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to Samantha Nelson, City of Bend Finance Director, at 710 NW Wall Street, Bend, Oregon 97703. The telephone number for the City's Finance Department is 541-385-6682.

**City of Bend, Oregon**  
**Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position**  
**June 30, 2024**

Total fund balances (deficits)	\$ 219,682,507
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets and right to use lease assets used in governmental activities are not financial resources and therefore, are not reported in the funds.	634,198,132
Other assets and deferred outflows of resources are not available to pay for current-period expenditures and therefore, are not reported in the funds:	
Deferred outflows of refunded debt	27,294
Revenues are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the governmental funds' balance sheet	
Unavailable property taxes	803,368
Unavailable assessments and loans	20,328,889
Other unavailable revenues	735,764
Liabilities and deferred inflows of resources that are not due and payable in the current period, are not reported in the funds:	
Interest payable	(797,910)
Accrued compensated absences	(6,115,484)
Net pension activity	(36,203,997)
Other post-employment benefits	(33,560,737)
Accrued health insurance benefits	(16,846)
Leases and SBITA payable	(42,363,750)
Long-term debt	(201,234,710)
The internal service funds are used by management to charge costs of certain activities such as garage, information technology, facility management, engineering, public works laboratory, insurance, legal and risk management, and administration and financial services to individual funds. The net position of the internal service funds are reported with governmental activities.	
Total net position	<u>21,020,780</u>
	<u>\$ 576,503,300</u>

*The accompanying notes are an integral part of the basic financial statements.*

**City of Bend, Oregon**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of**  
**Governmental Funds to the Statement of Activities**  
**For the fiscal year ended June 30, 2024**

Net change in fund balance	\$ 65,810,143
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which capital outlay was greater than depreciation.	
Capital asset additions (includes \$1,906,000 of non-capital outlay)	\$ 32,051,602
Capital asset contributions	13,801,194
Depreciation and amortization	<u>(22,703,052)</u> 23,149,744
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	2,821,224
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Long-term debt proceeds and lease financing	(79,026,343)
Long-term debt principal repayments	7,752,455
Some expenses (revenues) reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.	
Accrued interest payable	(187,895)
Amortization of bond premiums and discounts	715,003
Amortization of deferred outflows	(6,824)
Accrued pension expense	(5,167,125)
Accrued compensated absences	(660,698)
Accrued OPEB expense	(581,369)
Accrued health insurance benefits	(8,879)
The internal service funds are used by management to charge costs of certain activities such as garage, information technology, facility management, engineering, public works laboratory, insurance, legal and risk management, and administration and financial services to individual funds. The net revenues and expenses of the internal service funds are reported with governmental activities.	4,086,778
Change in net position	<u>\$ 18,696,214</u>

CITY OF BEND

This page intentionally left blank

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies**

The financial statements of the City of Bend, Oregon (the City) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP statements require the application of all relevant Governmental Accounting Standards Board (GASB) pronouncements.

**The Financial Reporting Entity**

As required by GAAP, the financial reporting entity consists of the primary government, as well as its component unit, which is a legally separate organization for which the elected officials of the primary government are financially accountable or a legally separate organization that raises and holds economic resources for the direct benefit of the primary government. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

The accompanying financial statements present the City of Bend, Oregon (the primary government) and its component unit, the Bend Urban Renewal Agency. The component unit discussed in the next paragraph is blended and reported as if it is part of the City.

*Blended Component Unit* - The Bend Urban Renewal Agency (BURA), is a legally separate public body corporate and politic, created by ordinance of the City. The BURA board consists exclusively of members of the City Council. The City can impose its will on BURA through its ability to modify and approve the budget and govern the overall policies. The services of BURA are exclusively for the benefit of the City, and the assets, liabilities, revenues and expenses related to BURA are reported in the government-wide financial statements. BURA has a June 30 year-end and unless otherwise noted in this report, the accounting policies of this component unit are consistent with those described for the primary government.

BURA receives funds through tax increment financing pursuant to Oregon Revised Statutes (ORS) 457.420 through 457.450. Separate financial statements for BURA can be obtained from the finance department of the City of Bend, 710 NW Wall Street, Bend, OR 97703.

**Organization**

The City of Bend, Oregon is a municipal corporation governed by an elected council of seven members. The City (located in Deschutes County) was organized in 1904 and incorporated in 1905 under Article XI of the State of Oregon Constitution. The City operates under a council/manager form of government and provides the following services: police, fire, ambulance, municipal court, community and economic development, building, planning, growth management, street construction and maintenance, transportation facilities and airport, cemetery, public works and general government services, and water, water reclamation and stormwater utilities.

**Financial Statement Presentation, Measurement Focus and Basis of Accounting**

**Government-wide Financial Statements**

The Statement of Financial Position and the Statement of Activities report information on all activities of the primary government and its blended component unit. Governmental activities, which are supported by taxes, franchise fees, intergovernmental revenues and charges for services, are reported separately from business-type activities, which rely on fees charged to external parties for services. The City's Custodial fund, which is used to account for money collected on behalf of the Bend Park and Recreation District, Deschutes County and the State of Oregon, has been excluded from the government-wide financial statements.

The Statement of Activities presents the direct expenses of a given function/program or business-type activity and the related program revenues categorized into charges for services, operating grants and contributions and capital grants and contributions. Direct expenses are those that are clearly identifiable with a specific function or program. Indirect expenses are those costs, usually administrative in nature, that support all City functions and enable direct services to be provided. Program revenues include 1) fees, fines and charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, franchise fees and investment income and other items not included among program revenues are reported as general revenues.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Financial Statement Presentation, Measurement Focus and Basis of Accounting (Continued)**

**Government-wide Financial Statements (Continued)**

The government-wide financial statements are accounted for using an economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. The City also receives revenue from non-exchange transactions, in which the City receives value without giving equal value in exchange; including property taxes, grants, entitlements and donations. Revenue from property taxes is recognized in the year for which the taxes are levied. Revenues from grants, entitlements and donations are recognized when all eligibility requirements have been satisfied. Interfund activity consists of transfers, services provided and/or used, reimbursements, advances, and loans. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule include interfund services provided and/or used between the governmental and business-type activities.

All financial statements are presented in whole dollars. Actual amounts may vary due to rounding.

**Fund Financial Statements**

The City uses funds to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate funds. Fund financial statements are provided for governmental, proprietary and fiduciary funds.

Governmental funds are used to account for most of the City's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the servicing of general long-term debt (debt service funds), the acquisition or construction of capital assets (capital projects funds), the legally restricted funds where only earnings, not principal, may be used for programs (permanent funds).

The governmental fund financial statements are accounted for using a current financial resources measurement focus whereby only current assets and liabilities generally are included in the Balance Sheet, and the Statement of Revenues, Expenditures, and Changes in Fund Balance presents increases and decreases in those current fund balances. Governmental funds use the modified accrual basis of accounting where revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

"Measurable" means the amount can be determined and "available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

The City considers taxes and franchise fees available and susceptible to accrual if they are collected within 60 days after fiscal year-end.

Intergovernmental revenues are recognized when all eligibility requirements are met. Eligibility requirements for intergovernmental revenues received on a reimbursement basis (i.e. where monies must be expended on specific projects or for a specific purpose before any amounts are paid to the City) are determined to be met when the underlying expenditures are recorded. Eligibility requirements for intergovernmental revenues which are unrestricted as to purpose of the expenditure and are usually revocable only for failure to comply with prescribed requirements are considered to be met at the time of receipt or when susceptible to accrual.

Special assessments and loan repayments are recognized as revenues when received.

Licenses and permits, charges for services and miscellaneous revenues are recognized as revenues when received because they are generally not measurable until actually received.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Fund Financial Statements (Continued)**

The following are the City's major governmental funds:

**General Fund** – The General Fund accounts for the following operations: police, municipal court, code enforcement, growth management, accessibility, as well as allocation of general discretionary revenues and other general services of the City not accounted for in any other fund. Principal sources of revenue are property taxes, room taxes, franchise fees, intergovernmental revenues and municipal court fines.

**Streets & Operations Fund** – This fund accounts for the City's street and transportation operations, including street preservation, repair and maintenance, street lighting and landscaping. Resources consist primarily of state highway fund apportionment and support from the General Fund.

**Fire/EMS Fund** – This fund accounts for the City's fire suppression, prevention and emergency medical services. Revenues include General Fund support, the May 2014 voter approved fire local option levy, charges for emergency medical services, Firemed memberships and fire protection contracts.

**System Development Charges (SDC) Fund** – This fund accounts for the collection of SDC's for the City's street, water, and water reclamation systems. SDC's are fees collected for capital improvements to increase city-wide capacities for water, water reclamation, and transportation. Revenues are used to fund eligible construction projects.

**2020 General Obligation Bond Construction Fund** – This fund accounts for the construction projects related to the Transportation Bond measure that passed in November 2020 for traffic flow, east-west connections and neighborhood safety improvements. The principal source of revenues is bond proceeds.

In addition, the City also reports the following governmental fund types:

**Special Revenue Funds** – These funds account for revenue sources that are restricted or committed to finance particular functions or activities.

**Debt Service Funds** – These funds account for resources that are restricted, committed or assigned to the payment of principal and interest on urban renewal bonds, special assessment bonds, general obligation bonds, fire station bonds and pension obligation bonds.

**Capital Project Funds** – These funds account for revenue sources that are restricted, committed or assigned to capital projects.

**Permanent Funds** – These funds account for resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs.

**Proprietary Funds**

Proprietary funds are used to account for activities similar to those found in the private sector where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments of the City (internal service fund). Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the funds' on-going operations. The principal operating revenues are charges to customers. Operating expenses include cost of materials and supplies, personnel costs, administration expenses and depreciation.

All proprietary funds are accounted for using a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities, and deferred inflows/outflows associated with the operation of these funds are included on the *Statement of Net Position*. The accrual basis of accounting is utilized by proprietary fund types where revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Proprietary Funds (Continued)**

The following are the City's major enterprise funds:

**Water Fund** – This fund accounts for the maintenance, operation and construction of the City's water intake, purification and delivery systems. The principal sources of revenue are user fees and system development charges.

**Water Reclamation Fund** – This fund accounts for the maintenance, operation and construction of the City's wastewater collection and treatment system. The principal sources of revenue are user fees and system development charges.

Additionally, the City reports the following fund type:

**Internal Service Funds** – The Internal Service Funds account for those activities and services furnished internally to other departments within the City on a cost reimbursement basis. Charges are made to the various departments to support these activities. The City has three internal service funds. The City-wide Support Internal Service Fund includes administration and financial services, legal and risk management, insurance, information technology, and facility management. The Departmental Support Internal Service Fund consists of fleet management, engineering, and public works laboratory. The facility management, engineering, public works laboratory and administration and financial services divisions also charge external customers fees for services. The Internal Service Fund-Other Post Employment Benefits (OPEB) accumulates reserves for future payments of OPEB costs.

**Fiduciary Fund**

Assets held in a trustee capacity for others and not used to support the City's own programs qualify as fiduciary. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. All Fiduciary funds are accounted for using a flow of economic resources measurement focus. The accrual basis of accounting is utilized by Fiduciary fund types where revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The City has the following fiduciary fund:

**Custodial Fund** – The Custodial Fund accounts primarily for the assets and liabilities of various monies received on behalf of the Bend Park and Recreation District, the State of Oregon, and Deschutes County.

**Use of Estimates**

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred inflows of resources, liabilities, deferred outflows of resources, and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Investments**

The City maintains a common cash and investment pool for all City funds. The types of investments in which the City may invest are restricted by State of Oregon statutes and a Council adopted investment policy. Authorized investments include general obligations of the United States Government and its agencies, obligations of the States of Oregon, California, Idaho and Washington that have a rating of AA- (or equivalent) or better, A-1 rated commercial paper and banker's acceptances, AA (or equivalent) rated corporate bonds, time deposits, repurchase agreements and the State of Oregon Local Government Investment Pool. Investments in the State of Oregon's Local Government Investment Pool (LGIP) are considered short-term and highly liquid where the remaining maturity at the time of purchase is one year or less and are stated at fair value. Fair value of the investment in the LGIP is the same as the value of the pool shares. The LGIP is governed by the Oregon Short Term Fund Board and audited by the Secretary of State, Audits Division.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Cash and Investments (Continued)**

All investments are stated at fair value. Fair value is determined as the quoted market price, if available; otherwise the fair value is estimated based on the amount at which the investment could be exchanged in a current transaction between willing parties. Earnings on pooled cash and investments are credited to each fund monthly based on the average daily balance of each participating fund. Pooled cash and investments have the general characteristics of a demand deposit account in that any participating fund may deposit additional cash at any time and may also withdraw cash at any time without prior notice or penalty.

**Restricted Cash and Investments**

Restricted cash and investments are those whose use is restricted to specific purposes by state statute, bond indenture or otherwise. At June 30, 2024, the City had \$145,726,635 of cash and investments restricted for debt service, construction, building, tourism, permanent maintenance, urban renewal, grant activity, and deposits.

**Receivables**

Property taxes are assessed on a July 1<sup>st</sup> - June 30<sup>th</sup> fiscal year basis. Assessed valuation and tax levies are certified by the County Assessor in mid-October and property owners have the option of paying the full amount by November 15<sup>th</sup> or prior to February 15<sup>th</sup> and receiving a discount or paying in three installments, November 15<sup>th</sup>, February 15<sup>th</sup> and May 15<sup>th</sup>. Property taxes attach as an enforceable lien on July 1<sup>st</sup> and are considered delinquent if not paid by the following May 15<sup>th</sup>. The Deschutes County Treasurer is the tax collection agent for all taxing entities within the County. Tax revenue is considered received when in the hands of the County as the intermediary collection agency. In the governmental funds, tax revenue is recognized when collected and available to the City. Taxes receivable at June 30<sup>th</sup>, less tax collections received within sixty days subsequent to year end, are recorded as unavailable revenue. Management has determined that an allowance for uncollectible accounts is not required for property taxes. All other receivables are shown net of an allowance for uncollectible accounts.

Assessment receivables consist of assessments in both governmental funds for downtown economic improvements and enterprise funds for local utility improvements and are reported net of an allowance for uncollectible amounts based on past performance of uncollectible accounts.

Governmental fund loans and notes receivable consist of community block development loans to qualified individuals to promote affordable housing and affordable housing loans to qualified organizations to build affordable housing in the City. Loans in other funds consist of grant-funded loans for building permits and energy efficiency upgrades (which are due upon sale or transfer of the property), promissory notes for system development charges, for the sale of transit facilities and for the sale of water system assets, with terms ranging from 1 to 20 years and interest ranging from 0% to 7%. Loans are secured by the liens on real property.

Lease receivables are recognized per the lease terms and discounted back to present value at either the borrowing rate explicitly stated in the agreement or implicitly determined by the City, based on the City's incremental borrowing rate that would be charged for borrowing the lease payment amounts during the lease term. Management has determined that no allowance is necessary based on past collections.

Other receivables consist primarily of water, sewer, and stormwater utility receivables; but, also include ambulance, court, community development, and airport receivables. Ambulance and court receivables at June 30, less collections received within sixty days subsequent to year end, are recorded as unavailable revenue. In the proprietary funds, receivables include services provided, for which payment has not yet been received.

The enterprise funds' receivables include billings for residential and commercial customers utilizing the City's water, sewer, and storm water services and are reported net of an allowance for uncollectible amounts based on past performance of uncollectible accounts.

Governmental funds report unavailable revenue as deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognitions in connection with resources that have been received, but not yet earned.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Due from Other Governments**

Due from other governments are amounts due primarily from granting agencies. The largest amount relates to receivables from the State of Oregon for state shared revenues in the General Fund and the Streets & Operations Fund. Other amounts include receivables from the State of Oregon Department of Transportation for street projects, from the Bend-LaPine School District for school safety resource officers, from the U.S. Department of Housing and Urban Development for Community Development Block Grants, and from the Federal Aviation Administration for grant supported projects at the Airport.

**Inventories and Prepaid Items (Other Assets)**

Within the proprietary funds, inventories are valued at lower of cost or market using the weighted average method and are accounted for using the consumption method. Within the governmental funds, inventories are accounted for using the purchases method.

Within the proprietary funds, prepaid items are accounted for using the consumption method. Within the governmental funds, prepaid items are accounted for using the purchases method.

**Assets Held for Resale**

Assets held for resale (Juniper Ridge development costs and the Boyd Acres campus) are recorded at lower of cost or market.

**Capital Assets**

Capital assets are stated at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at acquisition value at the date of donation. Capital assets include land, right-of-ways, buildings, improvements, infrastructure, vehicles and equipment costing over \$10,000 with an estimated life in excess of one year. Maintenance and repairs that do not add to the value of the assets or extend the assets' lives are charged to expense as incurred and are not capitalized.

Depreciation is computed using the straight-line method over the estimated useful lives of the related capital assets, except for land, right-of-ways, land use rights and works of art which are considered inexhaustible in nature and are not depreciated. Amortization of Right to use lease assets is computed using the straight-line method over the term of the lease. The estimated useful lives of the various categories of assets are as follows:

Buildings and improvements	5 to 75 years
Infrastructure	10 to 75 years
Right to use lease assets	3 to 75 years
Vehicles and equipment	3 to 20 years

Upon disposal of capital assets, the accounts are relieved of the related historical costs and accumulated depreciation, and if appropriate, resulting gains or losses are recognized.

**Accounts Payable**

Accounts payable to vendors and contractors include general accounts payable and other accrued liabilities not included in short-term or long-term liabilities. The City also reports retainage payable in connection with vendor contracts.

**Other Liabilities**

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits. There is no liability reported for unpaid accumulated sick leave since the City by policy does not pay out sick leave banks when employees separate from service with the City. All vacation pay, and related payroll benefits, is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of termination or retirement. All compensated absences are paid by the individual funds as they become due. The General Fund and Fire/EMS Funds are primarily responsible for payment of this liability for the Governmental Activities.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Due to Developers**

Due to developers is a liability associated with the improvement fee portion of the SDC charge that a developer can be granted a credit for on acceptance of a Qualified Public Improvement.

**Pension Plan**

The City reports its proportionate share of the Net Pension Liability of the Oregon Public Employees Retirement System (OPERS). For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources, pension expense, information about the fiduciary net position of OPERS and the additions to/deductions from PERS's fiduciary net position have remained on the same basis as reported by OPERS.

For this purpose, benefit payments by PERS (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value by OPERS.

**Other Post-Employment Benefits**

In accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions (OPEB), the City's total OPEB liability and net OPEB assets are actuarially determined and are recognized as a long-term liability and asset in the government-wide financial statements and in the proprietary funds statements. Please refer to Note 15 for more information.

**Long-term Debt**

Long-term debt is reported as a liability in the Statement of Net Position and proprietary fund financial statements. The related bond discounts and premiums are deferred and amortized over the term of the bonds using the straight-line method. In the governmental fund financial statements, the bond discounts and premiums are recognized when incurred and not deferred. The face amount of the debt issued and premiums received are reported as other financing sources while discounts are reported as other financing uses.

**Deferred Inflows and Outflows of Resources**

In accordance with Governmental Accounting Standards Board Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, the City reports deferred outflows of resources in the Statement of Financial Position in a separate section following Assets. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows from pensions, OPEB, and debt refundings as deferred outflows on the statement of financial position. The deferred outflows from pensions and OPEB are for plan contributions made subsequent to the measurement date of the pension liability and OPEB asset, as presented, and the deferred outflow from debt refundings represents the unamortized carrying value from the refunding.

Similarly, the Statement of Financial Position reports deferred inflows of resources in a separate section following Liabilities. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows from leases, pensions, OPEB, and debt refundings as deferred inflows on the statement of financial position. The deferred inflows from leases represent the unamortized value of the rent payments of leases receivable. The deferred inflows from pension are for investment differences between the liability and assets. The deferred inflow from debt refundings represents the unamortized carrying value from bond refundings. The City also presents unavailable revenue as a deferred inflow of resources on the governmental funds balance sheet. The governmental funds report unavailable revenues from multiple sources: property taxes, ambulance billings, and assessments and loans receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Net Position/Fund Balance**

**Net Position**

In the financial statements, assets in excess of liabilities are presented in one of two ways depending on the measurement focus of the statement. On the Statement of Net Position for government-wide reporting and for the proprietary funds and fiduciary funds' Statement of Fiduciary Net Position, net position is segregated into three categories: net investment in capital assets; restricted net position; and unrestricted net position.

Net investment in capital assets represents total capital assets less accumulated depreciation and capital related debt and net of unspent bond proceeds. Deferred outflows of resources and deferred inflows of resources directly related debt should also be included in this section. Significant unspent deferred inflows of resources should not be included.

Restricted net position represents net position that is not subject solely to the government's own discretion. Restrictions may be placed on net position by an external third party that provided the resources, by laws or regulations of other governments, by enabling legislation, by endowment agreements, or by the nature of the asset. Unspent bond proceeds for capital projects are used in the calculation of restricted net position.

Unrestricted surplus (deficit) net position represent amounts not included in other categories.

**Fund Balance**

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balance is reported as nonspendable when the resources cannot be spent because they are either legally or contractually required to be maintained intact, or are in a nonspendable form such as assets held for resale.

Fund balance is reported as restricted when the constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the City Council passes a resolution that places specific constraints on how the resources may be used. The City Council can modify or rescind the resolution at any time through passage of an additional resolution.

Resources that are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. The City has a formal policy adopted by resolution that designates the authority to assign the fund balance in the General Fund to the Finance Director. When the adopted budget calls for spending down the existing fund balance in the ensuing biennium, an assignment is created through the budget process in the amount of that appropriation.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund. This classification is also used to report any negative fund balance amounts in other governmental funds.

Finally, GASB Statement No. 54 requires a spending policy, as it relates to ending fund balance. The following hierarchy applies to the order in which funds are spent in all governmental funds:

1. Restricted Fund Balance
2. Committed Fund Balance
3. Assigned Fund Balance
4. Unassigned Fund Balance

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Net Position/Fund Balance (Continued)**

City Council authorized the establishment of a stabilization reserve in fiscal year 2009-10 to provide temporary support to minimize the impacts to community members of severe economic downturns or major unforeseen events (as determined by Council action) where a significant portion of revenues supporting critical basic operations are projected to decline for more than 2 years or permanently, and such decline cannot be absorbed by the department or fund. In these events, the City will need time to affect reductions, consolidate operations, reprioritize critical programs or implement an alternate revenue source. The General Fund Revenue Stabilization Fund will provide temporary support to minimize the impacts to community members who rely on these critical operations. The Stabilization Fund will also be maintained to protect and enhance the City's credit rating. Additions to the stabilization reserves may include investment earnings and excess revenues and/or additional allocations from other funds. The stabilization funds may be spent for City Council approved temporary support for critical basic services and operations meeting the General Fund Revenue Stabilization Fund Policy.

The reserves at the end of the 2017-2019 biennium exceeded the target of 17%, and use of those reserves is reflected in the 2019-2021 biennial budget. During June 2019, the City Council amended the fiscal policies to reduce the targeted ending reserve balance from 17% to 16% of the General Fund operating budget for the 2019-2021 biennium. The reduction in reserves is related to increased funding for transportation system improvements. Per the City Council adopted budget for the 2021-2023 biennium, the City will maintain General Fund unassigned reserves of at least 16% of the operating budget of the General Fund for the 2023-2025 biennium. Reserve balances in the General Fund Revenue Stabilization Fund will be considered when evaluating total General Fund reserve levels. Funding of General Fund reserves will generally come from excess revenues over expenditures or one-time revenues. Ending reserve levels will be evaluated annually and undesignated reserve balances in excess of the 16% target will be dedicated to improving the condition of the City's street and transportation system. The unassigned reserve balances in the General Fund and the General Stabilization Fund were \$32,222,238 and \$6,879,204 as of June 30, 2024 and represents 45% of the General Fund annual operating budget for the 2023-2025 biennium.

Governmental fund balances by classification for the fiscal year ended June 30, 2024, were as follows:

	General Fund	Streets & Operations Fund	Fire/EMS Fund	System Development Charges (SDC) Fund	2020 General Obligation Bond Construction Fund	Nonmajor Governmental Funds	Total Governmental Funds
<b>Fund Balances (Deficits)</b>							
Nonspendable							
Assets held for resale	\$ 4,148,836	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 4,148,836
Prepays and deposits	148,150	-	-	-	-	9,746	157,896

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Leases**

Leases are recognized in accordance with Government Accounting Standards Board (GASB) 87.

**Lease Receivable**

As Lessor, the City recognizes a lease receivable and a deferred inflow of resources. The lease receivable is recognized at the net present value of the rents to be received at a borrowing rate stated in the lease agreement or determined by the City. The receivable is reduced by the payments received. A deferred inflow of resources is recognized in an amount equal to the amount of the initial lease receivable. The deferred inflow of resources is amortized using the straight line method over the term of the lease.

**Lease Liabilities**

Right to use lease assets and lease liabilities related to leases are reported in the Statement of Net Position of the government-wide and proprietary statements. In the governmental fund financial statements, the present value of lease payments is reported as other financing sources and lease payments are reported as capital outlay and as issuance of long-term debt. Payments are recorded as principal and interest payments.

**Subscription-based information technology arrangements (SBITAs)**

Subscription-based information technology arrangements (SBITAs) are recognized in accordance with GASB statement No. 96.

Right to use Subscription Based Information Technology Arrangement (SBITA) assets and liabilities related to SBITAs are reported in the Statement of Net Position of the government wide and proprietary statements. In the governmental fund financial statements, the present value of SBITA payments is reported as other financing sources and subscription payments are reported as capital outlay and as issuance of long -term debt. Payments are recorded as principal and interest payments.

**Stewardship**

Municipal budgets are adopted on a basis consistent with Oregon Revised Statutes (ORS 294 – Local Budget Law). Any deviation between Oregon Budget Law and generally accepted accounting principles (GAAP) are treated as reconciling items on the budget to actual schedules. The City Manager is responsible for submitting a proposed budget to the Budget Committee comprised of the City Council and an equal number of citizens of the City. The City is required to prepare a budget for each fund that is balanced in accordance with Oregon Revised Statutes. Each fund is budgeted on the modified accrual basis of accounting.

The Budget Committee conducts public hearings for the purpose of obtaining citizens' comments, and then approves a budget and submits it to the City Council for final adoption. The approved expenditures for each fund may not be increased by more than 10 percent by Council without returning to the Budget Committee for a second approval. After the Council adopts the budget and certifies the total ad valorem taxes to be levied, no additional tax levy may be made for that budget period.

The City Council legally adopts the biennial budget by resolution before July 1 of odd numbered years. The resolution establishes appropriations for each fund and sets the level by which expenditures and other uses cannot legally exceed appropriations. Within each fund, appropriations are established at the program/division level.

Appropriations lapse at the end of the biennium for goods or services not yet received. The City Council may modify the budget by transferring appropriations between levels of control and by adopting supplemental budgets. Unexpected additional resources may be added to the budget through the use of a supplemental budget. Some supplemental budgets require hearings before the public, publications in newspapers and approval by the City Council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the City Council. Supplemental appropriations were approved by the City Council for the 2023-2025 biennium. All appropriations terminated on June 30, 2025.

At June 30, 2024, two funds reported a deficit net position. The Cemetery Fund, a nonmajor enterprise fund, reported a net position of (\$173,963) primarily as a result of higher materials and service costs and increased pension liability. The Departmental Administration Fund, an internal service fund, reported a net position of (\$5,796,016) which is the result of liabilities and deferred inflows of resources related to the fund's share of pension

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Stewardship (Continued)**

and OPEB liabilities. Without an increase in assets, these liabilities and deferred inflows will continue to cause a negative net position in the Departmental Administration Fund. The BURA Core Area Construction Fund reported a negative net position of (\$309,828) due to timing of debt issuance to cover construction expenditures. Debt issuance is planned for fiscal year 2025 which will bring the net position positive.

**Adoption of New and Future GASB Pronouncements**

During the fiscal year ended June 30, 2024, the City implemented the following GASB Pronouncements:

GASB Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62. Issued June 2022, the primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions or assessing accountability. The requirements related to GASB Statement No. 100 were implemented by the City and implementation resulted in decreasing the fund balance as of July 1, 2023 for the nonmajor governmental funds by \$2,370,706. Refer to the governmental statement of revenues, expenditures and fund balances for more information.

The following GASB pronouncements have been issued, but are not effective as of June 30, 2024:

GASB Statement No. 101, Compensated Absences. Issued June 2022. This Statement amends the existing requirement to disclose the gross increases and decreases in a liability for compensated absences to allow governments to discloses only the net change in liability (as long as they identify it as a net change). In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences. GASB Statement No. 101 will be effective for the City for fiscal year ending June 30, 2025.

GASB Statement No. 102, Certain Risk Disclosures. Issued December 2023, the primary objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement defines concentration and constraint and requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. GASB Statement No. 102 will be effective for the City for fiscal year, ending June 30, 2025.

GASB Statement No. 103, Financial Reporting Model Improvements. Issued April 2024, the objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement continues the requirement that the basic financial statements be preceded by management's discussion and analysis (MD&A), which is presented as required supplementary information (RSI). This Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed. This Statement describes unusual or infrequent items as transactions and other events that are either unusual or infrequent in occurrence. It also requires that the proprietary fund statement of revenues, expenses and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses and goes on to define both operating and nonoperating revenues. Major component unit information is required to be presented separately if it does not reduce the readability of the statements. Budgetary comparison information is required to use a single method of communication - RSI and requires governments also are required to present variances between original and final budget amounts and variances between final budget and actual amounts. An explanation of significant variances will be required. GASB Statement No. 103 will be effective for the City for fiscal year, ending June 30, 2026.

GASB Statement No. 104, Disclosure of Certain Capital Assets. Issued September 2024, this Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, Leases, and intangible right-to-use

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Adoption of New and Future GASB Pronouncements (Continued)**

assets recognized in accordance with Statement No. 94 Public-Private and Public-Public Partnerships and Availability Payment Arrangements, should be disclosed separately by major class of underlying asset in the capital asset note disclosures. Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, should be also be disclosed separately. In addition this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale and requires that capital assets held for sale be evaluated each reporting period. GASB Statement No. 104 will be effective for the City for fiscal year, ending June 30, 2026.

The City of Bend will implement new GASB pronouncements no later than the required effective date. The City is currently evaluating whether or not the above listed new GASB pronouncements will have a significant impact on the City's financial statements.

**Note 2 - Cash and Investments**

At June 30, 2024, the City's cash and investments are comprised of the following:

Cash on hand	\$ 4,942
Deposits with financial institutions	2,979,851
Deposits with trust custodians	721,617
State of Oregon Local Government Investment Pool	<u>52,492,868</u>
Total cash and cash equivalents	56,199,278
Investments:	
U.S. agency obligations	288,588,815
Obligations of the States of Oregon, California and Washington	28,941,346
Corporate notes	<u>74,427,322</u>
Total Investments	<u>391,957,483</u>
Total pooled cash and investments	<u>\$ 448,156,761</u>

Cash and investments are reflected on the basic financial statements as follows:

	Governmental Activities	Business-Type Activities	Custodial Fund	Total
Pooled cash and investments	\$ 134,304,096	\$ 165,339,174	\$ 2,786,855	\$ 302,430,125
Restricted cash and investments	<u>137,971,649</u>	<u>7,754,987</u>	-	<u>145,726,636</u>
Total pooled cash and investments	<u>\$ 272,275,745</u>	<u>\$ 173,094,161</u>	<u>\$ 2,786,855</u>	<u>\$ 448,156,761</u>

**Deposits with Financial Institutions**

The City's cash deposits with financial institutions are in a public funds checking account and a public funds savings account that is insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC). The total cash in bank as of June 30, 2024 was \$4,599,641, of these deposits \$4,349,641 was not insured by the FDIC. The uninsured cash deposits are part of the Public Funds Collateralization Program. ORS Chapter 295 governs the collateralization of Oregon public funds and provides the statutory requirements for the Public Funds Collateralization Program. Bank depositories are required to pledge collateral against any public funds deposits in excess of deposit insurance amounts. This provides additional protection for public funds in the event of a bank loss. ORS Chapter 295 sets the specific value of the collateral, as well as the types of collateral that are acceptable. ORS Chapter 295 creates a shared liability structure for participating bank depositories, better protecting public funds though still not guaranteeing that all funds are 100% protected.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 2 - Cash and Investments (Continued)**

Interest Rate Risk

As a means to limit exposure to fair value loss arising from interest rates, the City's investment policy requires that the City's investments mature within seven years. Actual investment maturities for the City are as follows:

<u>Maturity</u>	Actual at June 30, 2024	Actual at June 30, 2024
Less than 1 year	\$ 77,726,324	20 %
Less than 5 years	314,231,159	80 %
	<u>\$ 391,957,483</u>	<u>100 %</u>

As of June 30, 2024 the weighted-average maturity of the City's investment portfolio was 2.27 years.

Credit Risk

The City's investment policy limits investments in commercial paper and corporate bonds to specific bond ratings as determined by nationally recognized rating agencies. Commercial paper must be rated at least A-1 by Standard & Poor's, P-1 by Moody's, or F-1 by Fitch at the time of purchase by each service which rates the commercial paper. Corporate bonds must be rated at least AA- by Standard & Poor's, Aa3 by Moody's, or AA by Fitch. In addition, ownership of commercial paper and corporate bonds is limited to a combined total of 35% of the portfolio with no more than 5% of the portfolio held in any one issuer. At June 30, 2024, the City was in compliance with the above policy requirements with commercial paper and corporate bonds totaling 22% of the portfolio. Investments in obligations of the States of Oregon, California, Idaho and Washington must be rated AA- (or an equivalent rating) or better and ownership of such obligations is limited to 25% of the portfolio with no more than 5% held in any one issuer.

The State of Oregon Local Government Investment Pool and money market account are unrated. Investments held at June 30, 2024 are categorized by rating as follows:

<u>Investor Service Rating</u>	U.S. Agency Obligations	State / Local Obligations	Corporate Notes	Total
Prime (AAA, Aaa, AAA)*	\$ 278,593,915	\$ 7,331,102	\$ 10,712,710	\$ 296,637,727
High Grade (AA, Aa, AA)*	-	21,610,244	61,759,012	83,369,256
Upper Medium Grade (A, A, A)*	-	-	1,955,600	1,955,600
High Grade Short-term (A-1, P-1, F1)*	9,994,900	-	-	9,994,900
	<u>\$ 288,588,815</u>	<u>\$ 28,941,346</u>	<u>\$ 74,427,322</u>	<u>\$ 391,957,483</u>

\* Respectively, the rating agencies are as follows: Standard & Poor's, Moody's, Fitch.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City's investment policy limits its exposure to custodial credit risk by requiring that all security transactions entered into by the City be conducted on a delivery-versus-payment basis. Securities are to be held by a third party custodian in a segregated account in the City's name. For each transaction, the broker or securities dealer issues a confirmation ticket to the City listing the specific instrument, issue, rating, coupon, maturity, CUSIP number, purchase or sale price, yield, transaction date, and other pertinent information. At June 30, 2024, the City does not have investments exposed to custodial credit risk.

**For the Year Ended June 30, 2024**

**Note 2 - Cash and Investments (Continued)**

**Fair Value Measurement**

GASB Statement No. 72, Fair Value Measurement and Application, specifies a hierarchy of valuation classifications based on whether the inputs to the valuation techniques used in each valuation classification are observable or unobservable. These classifications are summarized in the three broad levels listed below:

- Level 1 – Unadjusted quoted prices for identical instruments in active markets.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as exchange rates, financing terms, interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risk and default rates).
- Level 3 – Valuations derived from valuation techniques in which significant inputs or significant valuation drivers are unobservable.

	Total	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

**For the Year Ended June 30, 2024**

**Note 3 - Receivables (Continued)**

**Loans, Assessments, and Notes Receivable**

Assessments receivable consist of amounts levied against benefited property owners for the cost of public improvements and attach as an enforceable lien on the property until paid. All the City's assessment loans are made over a period of 10 years and bear interest ranging from 1.50% to 7.00%. Promissory notes consist of System Development Charge (SDC) deferrals and loans over a period of 9 months to 10 years and bear interest ranging from 0.00% to 12.00%, building permit and energy efficiency upgrade deferrals due upon the sale/transfer of the property with no interest, and Community Development and Affordable Housing loans with variable terms.

Assessments, loans and notes receivable consisted of the following at June 30, 2024:

Assessments Receivable

	Governmental Activities	Business-type Activities
Assessments receivable for downtown economic improvements	\$ 17,362	\$ -
Assessments receivable for local improvements, 10 year terms with 5% to 7.0% interest	- -	46,963
Allowance for uncollectible assessments	- -	(12,429)
<b>Total assessments receivable</b>	<b>17,362</b>	<b>34,534</b>

Loans and Notes Receivable

Promissory notes receivable for system development charges, 5 to 10 year terms with 6.0% to 7.0% interest	117,000	7,824
Promissory notes receivable for system development charges due upon sale/transfer, 0% to 3.0% interest	801,456	-
Promissory notes receivable for building permits and energy efficiency upgrade deferrals due upon property sale/transfer, 0% interest	109,798	-
Community development block grant loans to qualified individuals or organizations, various terms with 0% to 5.0% interest	6,904,254	-
Affordable housing loans to qualified organizations, various terms with various interest	10,546,864	-
Affordable housing loans to qualified organizations in the Murphy Crossing Urban Renewal Area, 20 year terms with 0% interest	750,000	-
Promissory note receivable for the sale of Juniper Utility assets to Roats Water System, Inc., 20 year term, 6.5% interest	- (801,456)	1,241,082 (2,347)
Allowance for uncollectible loans and notes receivable	18,427,916	1,246,559

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 6 - Lease Receivables**

At June 30, 2024, the City was a lessor in multiple non-regulated leases for various space at the City's Airport, for use of City property for cell towers and for building and other office space in City-owned property. Based on a review of the leases it has been determined that the Airport leases disclosed are not regulated leases. The City's leases receivable are as follows:

	<u>Lease receivable at June 30, 2024</u>	<u>Deferred inflows of resources - leases for the year ended June 30, 2024</u>
Airport leases, interest ranging from 1.059% to 2.583%, monthly payments of \$20,247 and annual payments of \$309,511 with expiration dates through fiscal year ending June 30, 2077.	\$ 17,633,552	\$ 16,540,363
Building and space leases, interest ranging from 1.059% to 1.759%, total monthly payments of \$20,247 and total annual receipts of \$242,961 with expiration dates through fiscal year ending June 30, 2033.	2,159,723	2,046,094
Various leases for cell tower use, interest ranging from 0.727% to 2.300%, monthly receipts of \$10,129 and annual receipts of \$18,000 with expiration dates through fiscal year ending June 30, 2040.	589,192	565,466
<b>Total</b>	<b>\$ 20,382,467</b>	<b>\$ 19,151,923</b>

Lease receivables for the year ended June 30, 2024 are as follows:

	Beginning balance	Increases	Decreases	Ending balance
<b>Governmental activities</b>				
Building	\$ 91,015	\$ 84,266	\$ (43,513)	\$ 131,768
Land	263,122	-	(12,848)	250,274

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 7 - Lease and Subscription-Based Information Technology Arrangement (SBITA) Obligations (Continued)**

At June 30, 2024, the City had the following right to use lease assets:

	Value of Right to use lease assets	Accumulated amortization	Right to use lease assets, net
Office building	\$ 1,934,852	\$ 945,313	\$ 989,539
Fire Station buildings	41,783,233	2,468,965	39,314,268
Copier equipment	320,378	144,188	176,190
<b>Total</b>	<b>\$ 44,038,463</b>	<b>\$ 3,558,466</b>	<b>\$ 40,479,997</b>

None of the leases have terms or conditions regarding residual value guarantees. Not included in the measurement of the lease liability are variable payments for the operation and maintenance, insurance, utilities and building supplies and other miscellaneous costs. The outflows of resources not included in the measurements of the lease liability were:

	Governmental Activities
Fire station maintenance	\$ 121,325
Utilities and insurance	139,684
Miscellaneous costs	71,889
Common area maintenance	50,947
<b>Total</b>	<b>\$ 383,845</b>

Principal and interest payments through maturity are:

**Note 7 - Lease and Subscription-Based Information Technology Arrangement (SBITA) Obligations (Continued)**

Subscription-Based Technology Arrangements (SBITA) Payable

As of June 30, 2024, City of Bend, OR had 48 active subscriptions. The subscriptions have payments that range from \$1,010 to \$543,598 and interest rates that range from 1.7100% to 3.1440%. As of June 30, 2024, the total combined value of the subscription liability is \$2,628,316, and the total combined value of the short-term subscription liability is \$1,596,461. The combined value of the right to use asset, as of June 30, 2024 of \$6,268,944 with accumulated amortization of \$2,978,914 is included within the Subscription Class activities table found below.

Subscription payables currently outstanding as of June 30, 2024 are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<u>Governmental activities</u>				
Subscriptions	\$ 3,418,365	\$ 195,612	\$ (1,519,809)	\$ 2,094,168
<u>Total - governmental activities</u>	<u>\$ 3,418,365</u>	<u>\$ 195,612</u>	<u>\$ (1,519,809)</u>	<u>\$ 2,094,168</u>

	Beginning Balance	Increases	Decreases	Ending Balance
<u>Business-type activities</u>				
Subscriptions	\$ 740,031	\$ 18,606	\$ (224,486)	\$ 534,151
<u>Total - business-type activities</u>	<u>\$ 740,031</u>	<u>\$ 18,606</u>	<u>\$ (224,486)</u>	<u>\$ 534,151</u>

Principal and interest payments through maturity are:

Year ending June 30	Governmental activities		Business-type activities		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2025	\$ 1,416,725	\$ 48,555	\$ 213,199	\$ 11,261	\$ 1,629,924	\$ 59,816

2027	236,498	8,782	62,417	2,223	298,915	11,005
2028	120,688	3,340	48,722	986	169,410	4,326
	<u>\$ 2,094,168</u>	<u>\$ 76,697</u>	<u>\$ 534,151</u>	<u>\$ 21,155</u>	<u>\$ 2,628,319</u>	<u>\$ 97,852</u>

Subscription payments not included in liability

Variable payments based on future performance of the City, usage of underlying IT assets or number of user seats, were not included in the measurement of the subscription liability. Other payments, such as termination penalties were also not included in the measurement of the subscription liability. Rather, these variable and other payments were recognized as outflows of resources in the period in which the obligation for those payments was incurred. The City had 45 SBITAs with variable payments not included in the measurement of the subscription liability for the fiscal year ended June 30, 2024.

The amount of outflows of resources recognized in the fiscal year ended June 30, 2024 for variable and other payments not previously included in the measurement was \$1,366,466.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 8 - Due To / From Other Funds**

The City provided interim financing for the following funds due to delayed grant funding reimbursements and to cover operating costs until debt issuance in the following fiscal year. These amounts are non-interest bearing and are repaid in the following fiscal year.

<u>Description</u>	<u>Amount</u>
Due to the General Fund from Nonmajor Enterprise Funds	\$ 501,000
Due to the General Fund from the Community Development Block Grant Fund	\$ 17,000
Due to the General Fund from the Nonmajor Governmental Funds	\$ 313,000

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 9 - Interfund Transfers**

Transfers between funds provide support for various City programs in accordance with budgetary authorizations.

The primary purposes of significant transfers that occur on a regular bases are as follows: The General Fund transfers to the Streets & Operations Fund, Fire/EMS Fund, and Nonmajor Governmental Funds for general support.

In the governmental activities column of the statement of activities, transfers between governmental funds have been eliminated, and transfers between enterprise funds have been eliminated in the business-type activities column.

During the fiscal year ended June 30, 2024, the City made the following interfund transfers between its governmental activities and business-type activities:

	Governmental activities						
	General Fund	Streets & Operations Fund	Fire/EMS Fund	System Development Charges (SDC) Fund	2020 General Obligation Bond Construction Fund	Nonmajor Governmental Funds	Internal Service Funds

Debt service requirements include the principal outstanding at June 30, 2024 for debt issued but not fully drawn. Amortization is estimated based on debt terms.

The balance of unamortized premiums and discounts on long-term debt issuances is \$41,251,167, which is amortized over the life of the associated debt.

All bond reserve requirements were met at the time of issuance and the City is in compliance with any ongoing reserve requirements. The City is in compliance with the bond covenants regarding debt service coverage. The City is also in compliance with federal arbitrage regulations for applicable debt issuances.

**Full Faith & Credit Obligation Bonds**

The City issued full faith & credit obligations to provide financing for the construction of police and fire facilities and equipment, street infrastructure and equipment, energy improvement projects, the public works campus and to partially fund unfunded pension costs attributable to the unfunded actuarial liability in the Public Employees' Retirement System plan in which the City participates. These bonds are backed by the full faith and credit of the City with stated interest rates on specific maturities ranging from 2.13% to 6.095% and maturities through fiscal year 2054.

**General Obligation Bonds**

On November 3, 2020, City of Bend voters approved Measure 9-135, City of Bend Bonds for traffic flow, east west connections, neighborhood safety improvements. The Measure allows the City to issue up to \$190 million of general obligations bonds to fund priority transportation and safety projects. On December 16, 2020 the City added Section 1.20.130 to the Bend Municipal Code which established a bond oversight committee of community

Full Faith & Credit Obligation Bonds (Continued)

members to track and report to the community on project expenses, schedule, and progress.

The City has issued general obligation (GO) bonds to finance traffic flow, east west connections, neighborhood safety improvements and to refund the outstanding portion of the general obligation bonds, series 2012. The GO bonds are for governmental activities only. In 2022, the City issued general obligation bonds in the amount of \$46,300,000 with interest rates ranging between 3.00% - 5.00% and maturities going through fiscal year 2042. In 2024, the City issued general obligation bonds in the amount of \$58,705,000 with an interest rate of 5.00% and maturities going thru fiscal year 2044. The City is authorized to levy ad valorem taxes sufficient to pay the debt service of the bonds.

Revenue Bonds

The City has pledged future water customer revenues, net of operating expenses, to repay \$37,640,000 in water revenue bonds issued in 2016. Proceeds from the bonds provided financing for the expansion and improvement of the existing water system. The bonds are payable solely from water customer net revenues and are payable through fiscal year 2037. Annual principal and interest payments on the bonds are expected to require less than 34 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$51,180,500. Principal and interest paid for the current year and net revenues of the system were \$3,937,125 and \$15,305,238, respectively.

The City has pledged future sewer customer revenues, net of operating expenses, to repay \$35,975,000 in sewer revenue bonds issued in 2020. Proceeds from the bonds provided financing for the expansion and improvement of the existing sewer system. The bonds are payable solely from sewer customer net revenues and are payable through fiscal year 2050. Annual principal and interest payments on the bonds are expected to require less than 34 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$64,917,200. Principal and interest paid for the current year and net revenues of the system were \$2,495,000 and \$26,225,142 respectively.

Direct Borrowing and Direct Placement Obligations

The City has long-term notes payable to the State of Oregon Business Development Department (OBDD) and the Oregon Department of Environmental Quality (ODEQ) to provide funding for airport and water reclamation infrastructure improvements. Obligation maturities range from fiscal year 2030 through fiscal year 2045 and stated interest rates on specific maturities are 0.53% to 5.00%. Revenues from the airport and water reclamation operations are utilized to repay the respective obligations.

The City has long-term notes payable to the Bank of New York, Umpqua Bank, Key Bank, and Zion Bancorporation to provide funding for fire equipment, facilities, transportation, street operations, airport and cemetery equipment, the ERP and the acquisition of property and redevelopment of the City of Bend Core Area. The notes have maturities through fiscal year 2053 and stated interest rates on specific maturities of 0.90 % to 6.81%.

The City had a long-term note payable with First Interstate Bank for Juniper Ridge project funding. The note matured in fiscal year 2024 and had a stated interest rates of 1.50%.

Outstanding obligations from direct borrowings and direct placements related to business-type activities of \$340,049 contain provisions that, in the event of default, outstanding become immediately due if the City 1) fails to make any payment when due, 2) fails to comply with other terms, obligations, covenants or conditions contained in the notes; 3) makes material false or misleading statements, 4) becomes insolvent, is appointed a receiver, commences bankruptcy proceeding or forfeiture; 5) an adverse material change in the City's financial condition occurs.

The City has long-term notes payable to Umpqua Bank (formerly Columbia Bank) to provide funding for the ERP project, fire, street, airport and cemetery equipment, improvements to the stormwater infrastructure, finance

Direct Borrowing and Direct Placement Obligations (Continued)

affordable housing assistance in the Murphy Crossing Urban Renewal Area and refunding of debt. Obligation maturities range from fiscal year 2025 through fiscal year 2042 and stated interest rates on specific maturities are 0.90% to 1.36%.

The City has long-term notes payable to Key Bank to refund the outstanding 2010 full faith and credit obligations. The notes have maturities through fiscal year 2031 and a stated interest rate of 1.26%.

The City has long-term notes payable to Banner Bank to finance the acquisition of real property and to fund other capital projects. This obligation is on a reimbursement basis with an interest rate of 3.45% and final maturity in fiscal year 2042. The advance on this obligation was made in fiscal year 2022 in the amount of \$4,601,964.

New Debt Issuance

On October 23, 2023, the City secured a CWSRF loan (R14534) of \$4,000,000 from ODEQ for the Water Reclamation Facility (WRF) Clarifier Rehabilitation Project which will rehabilitate two primary clarifier mechanisms that are at the end of their useful lives. This loan is secured by sewer system revenues and has a repayment period of 20 years with no prepayment penalties. Included in the terms of loan is principal forgiveness of fifty percent of the loan or \$2,000,000, whichever is less. The amount of the loan forgiveness will be determined when the final loan amount is calculated. The loan has an interest rate of 1.97% and an annual fee of 0.50% of the outstanding loan amount. This loan is drawn on a reimbursement basis and as of June 30, 2024, the outstanding balance is \$93,442.

On February 29, 2024, the City secured a CWSRF loan (R14535) of \$997,440 from ODEQ for the Pinehaven and Woodhaven Sewer Project which is a septic system replacement which replaces septic systems with connection to sewers while meeting DEQ regulations for protecting groundwater. This loan is secured by sewer system revenues and has a repayment period of 20 years with no prepayment penalties. The loan has an interest rate of 2.08% and an annual fee of 0.50% of the outstanding loan amount. This loan is drawn on a reimbursement basis and as of June 30, 2024, there is no outstanding balance.

On February 29, 2024, the City secured a CWSRF loan (R14536) of \$2,850,000 from ODEQ for the Silver Sage Sewer Project which is a septic system replacement which replaces septic systems with connection to sewers while meeting DEQ regulations for protecting groundwater. On June 14, 2024, the City amended the loan amount to \$3,200,000. This loan is secured by sewer system revenues and has a repayment period of 20 years with no prepayment penalties. The loan has an interest rate of 2.08% and an annual fee of 0.50% of the outstanding loan amount. This loan is drawn on a reimbursement basis and as of June 30, 2024, the outstanding balance is \$105,758.

On May 30, 2024, the City issued \$11,300,000 in full faith and credit obligations, series 2024 (taxable) with a stated interest rate of 6.81% and final maturity in fiscal year 2044. The proceeds of obligations are being used to finance the acquisition of real and personal property including the potential redevelopment of the Core Area of the City of Bend, including affordable housing, a civic plaza and other public uses.

On June 5, 2024, the City issued \$39,585,000 in full faith and credit obligations, series 2024 with a stated interest rate of 5.00% and final maturities ranging from fiscal year 2041 to fiscal year 2054. The proceeds of the obligations are being used to finance transportation infrastructure, the acquisition of vehicles and equipment, and capitol projects including the new Public Works campus.

On June 5, 2024, the City issued \$58,705,000 of general obligation (GO) bonds, series 2024 as a part of Measure 9-135 approved in 2020, allowing up to \$190 million of general obligation bonds to fund transportation and safety projects. The stated interest rate is 5.00% with final maturity in fiscal year 2044.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 12 - Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases insurance policies from commercial carriers and pays annual premiums for the following coverages: general and automobile liability limit of \$10,000,000 per occurrence or \$30,000,000 in the aggregate; commercial property policy, including building and contents, of \$200,000,000 which includes real, personal, and inland marine property coverage for actual replacement cost; a cyber liability up to \$1,000,000; crime coverage in the amount of \$500,000; airport liability in the amount of \$10,000,000; and pollution coverage in the amount of \$2,000,000 per occurrence and \$4,000,000 in the aggregate. The City carries a public employee dishonesty bond for claims up to \$100,000 covering the Finance Director and Assistant Finance Director. Additionally, the City carries a \$1,000,000 policy for workers' compensation. Employee health, life and disability coverages are also maintained. There has been no significant reduction in insurance coverage from the prior year. Settled claims from these risks have not exceeded commercial insurance limits in any of the past three fiscal years.

An Insurance Division in the City's Internal Service Fund accounts for the City's risk management activities. All funds of the City participate in the Insurance Division. Amounts payable to the Insurance Division are based on cost estimates necessary to pay premiums, and if applicable, prior and current year claims and to establish a reserve for catastrophic losses. Workers' compensation is insured under a premium plan where premiums are accrued based on payroll and an experience mod rating.

The City has a high-deductible health insurance plan. The City shares responsibility for 62.5% of the co-insurance claims on this plan with employees. The City has recognized an estimated co-insurance liability of \$28,000 for the probable and reasonable co-insurance claims.

**Note 13 - Tax Abatements**

As of June 30, 2024, the City provides tax abatements through four programs:

Nonprofit low income rental (ORS 307.541) - In 1985, Oregon legislature authorized a property tax exemption for low-income housing held by charitable, nonprofit organizations. The tax exemption is intended to benefit low-income renters by alleviating the property tax burden on those agencies that provide this type of housing.

Charitable, nonprofit organizations that provide housing to low-income persons are eligible, and must be certified by the Internal Revenue Service as 501(c)(3) or (4) organization. Organizations must own or have a leasehold interest in the property or participate in a partnership as long as the nonprofit organization is responsible for the day-to-day management of the property. Applicants who are leaseholders must have a signed leasehold agreement by the application deadline. Vacant land intended to be developed as low-income housing is also eligible for the exemption.

Housing for low income rental (ORS 307.517) - An exemption is allowed for property or a portion of property if it meets certain criteria. The property must be offered for rent or held for the purpose of developing low income rental housing, be occupied by low income persons, and have a rent required payment that reflects the full value of the tax exemption.

Enterprise zones (ORS 285C.175) - The Oregon Enterprise Zone program is a State of Oregon economic development program that allows for property tax exemptions for up to five years. In exchange for receiving property tax exemption, participating firms are required to meet the program requirements set by state statute and the local sponsor.

The Enterprise Zone program allows industrial firms that will be making a substantial new capital investment a waiver of 100% of the amount of real property taxes attributable to the new investment for up to 5 years after completion. Land or existing machinery or equipment is not tax exempt; therefore, there is no loss of current property tax levies to local taxing jurisdiction.

Construction in process in enterprise zones (ORS 285C.170) - The Oregon Enterprise Zone program is a State of Oregon economic development program that allows for property tax exemptions. A Construction-in-Process exemption is available for qualifying properties currently under construction in an Enterprise Zone.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 13 - Tax Abatements (Continued)**

To qualify, the property must be owned or leased by an authorized business that is contractually obligated to own or lease the property until placed in service, it may not be previously subject to exemption as a commercial facility (ORS 307.330), and may not be operated, in all or part, as a hotel, motel, or destination resort.

Property may be exempt for no more than two tax years, which must be consecutive, and is not dependent on the property already receiving or being qualified to receive the Enterprise Zone exemption.

Tax Abatement Program	Estimated Taxes Abated During 2023-24
Housing for low income rental <sup>(1)</sup>	\$ 295,590
Enterprise zones	89,049
Construction in process in enterprise zones	7,292
<b>Total</b>	<b><u>\$ 391,931</u></b>

(1) Nonprofit low income rental (ORS 307.541) is now included with Housing for low income rental (ORS 307.517) per Deschutes County reports.

**Note 14 - Pension Plan**

Plan Description

Employees of the City are provided with pensions through the Oregon Public Employees Retirement System (OPERS) a cost-sharing multiple-employer defined benefit pension plan, the Oregon Legislature has delegated authority to the Public Employees Retirement Board to administer and manage the system. All benefits of the System are established by the legislature pursuant to ORS Chapters 238 and 238A. Tier One/Tier Two Retirement Benefit plan, established by ORS Chapter 238, is closed to new members hired on or after August 29, 2003. The Pension Program, established by ORS Chapter 238A, provides benefits to members hired on or after August 29, 2003. OPERS issues a publicly available Annual Comprehensive Financial Report and Actuarial Valuation that can be obtained at <http://www.oregon.gov/pers/EMP/Pages/Actuarial-Financial-Information.aspx>.

Benefits provided

1. Tier One/Tier Two Retirement Benefit ORS Chapter 238

Pension Benefits

The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for police and fire employees, 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for police and fire members). General service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier One general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Police and fire member benefits are reduced if retirement occurs prior to age 55 with fewer than 25 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 14 - Pension Plan (Continued)**

Benefits provided (Continued)

1. Tier One/Tier Two Retirement Benefit ORS Chapter 238 (Continued)

- the member was employed by a PERS employer at the time of death,
- the member died within 120 days after termination of PERS-covered employment,
- the member died as a result of injury sustained while employed in a PERS-covered job, or
- the member was on an official leave of absence from a PERS-covered job at the time of death.

Disability Benefits

A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.

Benefit Changes After Retirement

After retirement, members may choose to continue participation in a variable equities investment account and may experience annual benefit fluctuations due to changes in the fair value of equity investments. Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes.

2. OPSRP Pension Program (OPSRP DB)

Pension Benefits

The Pension Program (ORS Chapter 238A) provides a defined contribution plan to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

Police and fire: 1.8 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for police and fire members is age 60 or age 53 with 25 years of retirement credit. To be classified as a police and fire member, the individual must have been employed continuously as a police and fire member for at least five years immediately preceding retirement.

General service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

Disability Benefits

A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes After Retirement

Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2014-15 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and 0.15 percent on annual benefits above \$60,000.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 14 - Pension Plan (Continued)**

Benefits provided (Continued)

3. OPSRP Individual Account Program (OPSRP IAP)

Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Plan Changes

Starting July 1, 2020, Senate Bill 1049 required member contributions to their IAP accounts to be redirected to the Defined Benefit Fund. If the member earns more than \$2,500 a month, 0.75% for OPSRP members and 2.5% Tier One and Tier Two members salaries that were previously contributed to the member's IAP began funding the new Employee Pension Stability Accounts to help fund the cost of future pension benefits without changing those benefits, which means reduced contributions to the member's IAP account. Senate Bill 1049 also requires employers to pay contributions on reemployed PERS retirees' salary as if they were an active member, excluding IAP (6%) contributions. Beginning January 1, 2023, PERS subject salary limits increased from \$210,582 to \$225,533 per year in accordance with the Consumer Price Index for the West Region.

Contributions

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans.

The rates based on a percentage of payroll, first became effective July 1, 2023. The rates in effect for the fiscal year ended June 30, 2024 were 21.64 percent for Tier One/Tier Two Members, 14.66 percent for OPSRP Pension Program General Service Members, 19.45 percent for OPSRP Pension Program Police and Fire Members, and 6 percent for OPSRP Individual Account Program Members.

Pension Liabilities, Pension Expense, and Deferred Outflows/(Inflows) of Resources Related to Pensions

At June 30, 2024, the City reported a liability of \$92,612,459 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021 rolled forward to June 30, 2023. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2024, the City's proportion was 0.4944 percent, which increased 0.0492 percent from its proportion measured as of June 30, 2022. The changes from the prior year are primarily due to changes in the estimates and assumptions used by the PERS actuary.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 14 - Pension Plan (Continued)**

**Pension Liabilities, Pension Expense, and Deferred Outflows/(Inflows) of Resources Related to Pensions (Continued)**

For the year ended June 30, 2024, the City's recognized a pension expense of \$21,042,028. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 4,529,032	\$ 367,217
Changes of assumptions	8,227,143	61,342
Net difference between projected and actual earnings on pension plan investments	1,664,625	-
Changes in proportion and differences between contributions and proportionate share of contributions	12,592,106	1,510,345
Differences between employer contributions and proportionate share of contributions	<u>4,724,808</u>	<u>5,580,313</u>
Total (prior to post-measurement date contributions)	31,737,714	7,519,217
Contributions subsequent to the measurement date	<u>13,372,682</u>	<u>-</u>
Net deferred outflows/(inflows) of resources	<u><u>\$ 45,110,396</u></u>	<u><u>\$ 7,519,217</u></u>

Contributions totaling \$13,372,682 will be recognized fiscal year ending June 30, 2025. Net deferred inflows and outflows of resources related to pensions will be recognized in pension expense in future years as follows:

Year Ending June 30	Net Deferred Outflow/(Inflow) of Resources
2025	\$ 6,411,579
2026	627,714
2027	11,600,130
2028	4,829,926
2029	749,148
Total	<u><u>\$ 24,218,497</u></u>

**Actuarial Assumptions**

The employer contribution rates effective July 1, 2023 through June 30, 2024, were set using the Entry Age Normal actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years. For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 14 - Pension Plan (Continued)**

Actuarial Assumptions (Continued)

The economic assumptions used for the actuarial valuation are shown as follows:

Valuation Date	December 31, 2021
Experience Study Report	2020, published July 2021
Actuarial Cost Method	Entry Age Normal
Amortization Method	Amortized as a level percentage of payroll as layered amortization bases over a closed period: Tier One/Tier Two UAL is amortized over 20 years and OPSRP pension UAL is amortized over 16 years.
Asset Valuation Method	Fair Value of Assets
Actuarial Assumptions:	
Inflation Rate	2.40 percent
Investment Rate of Return	6.90 percent
Projected Salary Increases	3.40 percent
Cost of Living Adjustments (COLA)	Blend of 2.00% COLA and graded COLA (1.25%/0.15%) in accordance with Moro decision; blend based on service.
Mortality	<p>Healthy retirees and beneficiaries: Pub-2010 Sex Distinct, generational projection with unisex social security data scale with job category adjustments and set-backs as described in valuation.</p> <p>Active members: Pub-2010 Sex distinct, generational with unisex, social security data scale, with collar adjustments and set backs as described in valuation.</p> <p>Disabled retirees: Pub-2010 disabled retirees, Sex distinct, generational with unisex social security data scale.</p>

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2020 Experience Study which reviewed experience for the four-year period ending on December 31, 2020.

Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 14 - Pension Plan (Continued)**

Long-Term Expected Rate of Return (Continued)

Asset Class	Target Allocation	Compounded Annual Return (Geometric)
Global Equity	27.50 %	7.10 %
Private Equity	25.50 %	8.80 %
Core Fixed Income	25.00 %	4.50 %
Real Estate	12.25 %	5.80 %
Master Limited Partnership	0.75 %	6.00 %
Infrastructure	1.50 %	6.50 %
Hedge Fund of Funds - Multi-strategy	1.25 %	6.30 %
Hedge Fund of Equity - Hedge	0.60 %	6.50 %
Hedge Fund - Macro	5.60 %	4.80 %
Assumed Inflation - Mean		2.35 %

Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability/(Asset) to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability/(asset) calculated using the discount rate of 6.9 percent, as well as what the City's proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.9 percent) or 1-percentage-point higher (7.9 percent) than the current rate.

	<u>1% Decrease (5.9%)</u>	<u>Discount Rates (6.9%)</u>	<u>1% Increase (7.9%)</u>
The City's proportionate share of the net pension liability (asset)	\$ 152,978,339	\$ 92,612,456	\$ 42,092,609

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued OPERS financial report that can be obtained at [www.oregon.gov/pers/EMP/Pages/Actuarial-Financial-Information.aspx](http://www.oregon.gov/pers/EMP/Pages/Actuarial-Financial-Information.aspx).

Funding Policy

Members of OPERS and OPSRP are required to contribute 6 percent of their salary covered under the plan. Pursuant to collective bargaining agreements, the required employee contribution of 6 percent of covered compensation is paid by the City for all OPERS and OPSRP eligible employees. Effective January 1, 2004, this 6 percent contribution is remitted to the Individual Account Program. The contribution requirements for plan members and the City are established by ORS Chapter 238 and may be amended by an act of the Oregon Legislature. Senate bill 1049 requires member contributions to their IAP accounts to be redirected to the Defined Benefit Fund. If a member earns more than \$2,500 a month, 0.75% for OPSRP members and 2.5% for Tier One and Tier Two members must be redirected to the Defined Benefit Fund.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 15 - Other Post Employment Benefits (OPEB)**

The City has adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The OPEB for the City combines three separate plans. The City provides an implicit rate subsidy for retiree Health Insurance Continuation premiums, a stand-alone plan for employees meeting certain eligibility requirements, and a contribution to the State of Oregon's OPERS cost-sharing multiple-employer defined benefit plan.

Employees covered by benefit terms: At June 30, 2024 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	139
Inactive employees entitled to but not yet receiving benefit payments	97
Active participants	<u>763</u>
	<u>999</u>

Health Insurance Continuation and Stand Alone Plans

Plan Description

The OPEB for the City includes an implicit rate subsidy for retiree health insurance. Per ORS 243.303, the City provides a single-employer plan to provide retirees with group health and dental insurance from the date of retirement to age 65 and the premium cannot be separately rated from the group for health care insurance coverage of officers and employees of the City. Retirees pay the full premium for coverage elected unless the premium is paid for by the City as described below. Providing the same rate to retirees as provided to active employees constitutes an implicit rate subsidy for OPEB. This "plan" is not a stand-alone plan and therefore does not issue its own financial statements.

Based on negotiated union agreements, the City provides retiree health benefits to retired employees with at least 15 years of service prior to retirement when the retiree reaches age 62 (age 60 for emergency personnel). The City will pay the premium for retiree coverage if the retiree has continuously maintained City retiree or OPERS group insurance since date of retirement until the qualifying age of 62 (age 60 for emergency personnel). The City will pay the OPERS sponsored supplement to Medicare insurance beginning at age 65 if the retiree has continuously maintained coverage. The City is not responsible for any costs associated with retiree health care insurance coverage including Medicare and supplement to Medicare insurance for non-represented employees hired after December 31, 2010, City of Bend Employees Association (COBEA) members hired after August 31, 2011, Fire Association employees hired after June 30, 2012, and Police Association employees hired after June 30, 2013.

Funding Policy

The City has not established a trust fund to supplement the costs for the net OPEB obligation. Contribution requirements are negotiated between the City and union representatives. The City's funding policy provides for contributions at amounts sufficient to fund benefits on a pay-as-you-go basis.

Total OPEB Liability

The City's total OPEB liability at June 30, 2024 was \$37,734,964. The liability was determined by an actuarial valuation dated July 1, 2022 with a measurement date of June 30, 2024.

The total OPEB liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs based on the most recent actuarial experience study for Oregon PERS.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 15 - Other Post Employment Benefits (OPEB) (Continued)**

Health Insurance Continuation and Stand Alone Plans (Continued)

Total OPEB Liability (Continued)

Actuarial Assumptions:	
Inflation Rate	2.00 percent per year
Discount rate at municipal bond rate:	4.00 percent
Healthcare cost trend rates:	4.50-6.50 percent
Mortality	General Service and Beneficiary table: Pub 2010 General Employees table, separate Employee/Healthy Annuitant, sex Distinct, generational, set back 12 months for males, no set back for females. Police & Fire table: Pub-2010 Public Safety table, Employee/Healthy Annuitant, sex distinct, generational, no set back for males, set back 12 months for females. Unisex Social Security Data Scale

Changes of assumptions

Assumed premium increase rates were revised to better reflect anticipated experience.

Interest and payroll growth assumptions were lowered to better reflect the current economic environment.

Demographic assumptions were revised to match (as closely as possible) those developed in the most recent Oregon PERS experience study.

Changes in Total OPEB Liability

	Total OPEB Liability
Balance at 6/30/2023	\$ 37,251,011
Changes for the year:	
Service cost	1,391,742
Interest	1,431,495
Changes of assumptions	(1,400,193)
Benefit payments	(939,091)
Net change in Total OPEB liability	<u>483,953</u>
Balance at 6/30/2024	<u>\$ 37,734,964</u>
Covered employee payroll	\$ 77,470,652

OPERS Retirement Health Insurance Account (RHIA)

Plan Description

As a member of Oregon Public Employees Retirement System (OPERS), the City contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other post employment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and Required Supplementary Information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700, or by calling (888) 320-7377.

Funding Policy

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a OPERS-sponsored health plan. A surviving spouse or dependent of a deceased OPERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from OPERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating cities are contractually required to contribute to RHIA at a rate assessed each year by OPERS, currently 0.59% of annual covered payroll for Tier 1 & 2 and 0.49% for OPSRP. The OPERS Board of Trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined by PERS as an amount that is expected to finance the costs of benefits earned by employees during the year. The City's contributions to RHIA for the year ended June 30, 2024 was \$248.

The City's funding policy provides for actuarially determined annual contributions, which include the normal cost and amortization of the unfunded actuarial accrued liability.

OPEB Assets, Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024 the City reported an asset of \$1,464,476 for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation date as of December 31, 2021. The City's proportionate share of the RHIA net OPEB asset has been determined based on the City's contributions to the RHIA program (as reported by PERS) during the measurement period ending on the corresponding measurement date. The City's proportionate share at June 30, 2023 and June 30, 2022 was 0.39994885% and 0.37373670%, respectively.

	Net OPEB Asset	Allocation
Governmental Activities	\$ 1,277,755	87 %
Business-type Activities	186,721	13 %
Government-wide	<u>\$ 1,464,476</u>	<u>100 %</u>

**For the Year Ended June 30, 2024**

**Note 15 - Other Post Employment Benefits (OPEB) (Continued)**

OPERS Retirement Health Insurance Account (RHIA) (Continued)

Funding Policy (Continued)

For the year ended June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to the Retiree Health Insurance Account OPEB from the following sources:

	Total OPEB Liability/(Asset)
Balance at 6/30/2023	\$ (1,328,018)
Employer's proportionate share of collective system OPEB expenses (income)	(169,498)
Change in proportionate share	(29,926)
Benefit payments	62,966
Net OPEB liability/(asset) - end of year	<u><u>\$ (1,464,476)</u></u>

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 36,766
Changes of assumption	- -	15,790
Net difference between projected and actual earnings on investments	4,153	-
Change of proportionate share	<u>37,753</u>	<u>45,861</u>
<b>Total</b>	<b>41,906</b>	<b>98,417</b>
Contributions subsequent to the measurement date	249	-
<b>Net Deferred Outflow/(Inflow) of Resources</b>	<b>\$ 42,155</b>	<b>\$ 98,417</b>

\$249 of the amount reported as deferred outflows of resources are City contributions subsequent to the measurement date that will be recognized as an increase of the net OPEB asset in the year ended June 30, 2025. Total amounts reported as net deferred outflows/(inflows) of resources related to OPEB will be recognized in OPEB expense in future years as follows:

Fiscal Year Ended June 30	Net Deferred Outflow/(Inflow) of Resources
2025	\$ (64,388)
2026	(65,656)
2027	54,122
2028	19,411
<b>Total</b>	<b><u>\$ (56,511)</u></b>

Sensitivity of the City's proportionate share of the net OPEB liability/(asset), as well as what the City's proportionate share of the net OPEB liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%).

	1% Decrease (5.90%)	Discount Rate (6.90%)	1% Increase (7.90%)
City's Proportionate Share of the Net OPEB Liability (Asset)	\$ (1,331,212)	\$ (1,464,476)	\$ (1,578,816)

Funding Policy (Continued)

Actuarial Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employments, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Valuation Date	December 31, 2021
Measurement Date	June 30, 2023
Experience Study	2020, published July 2021
Actuarial Assumptions:	
Actuarial cost method	Entry Age Normal
Inflation rate	2.40 percent
Long-term expected rate of return	6.90 percent
Discount rate	6.90 percent
Projected salary increases	3.40 percent
Retiree healthcare participation	Not applicable
Mortality	<p>Healthy retirees and beneficiaries: PUB-2010 Healthy Retiree, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.</p> <p>Active members: Mortality rates are a percentage of the PUB-2010 Employee, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.</p> <p>Disabled retirees: Mortality rates are a percentage of the PUB-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale with job category adjustments and set-backs as described in the valuation.</p>

Aggregate net OPEB liability/asset, pension expense, and net deferred outflow/inflow of resources related to OPEB

The table below presents the aggregate balance (in millions) of the City's net OPEB liability/(asset), OPEB expense, and net deferred inflows and outflows as of June 30, 2024.

	Deferred outflow of resources	Deferred inflow of resources	Net OPEB Liability/(Asset)	OPEB Expense/(Income)
RHIA	\$ 5,306,123	\$ 19,983,527	\$ 37,734,964	\$ 381,005
HIC	42,155	98,417	(1,464,476)	(200,345)
Total	<u>\$ 5,348,278</u>	<u>\$ 20,081,944</u>	<u>\$ 36,270,488</u>	<u>\$ 180,660</u>

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 16 - Deferred Compensation Plan**

The City has a deferred compensation plan created in accordance with the Internal Revenue Code Section 457(g). The plan is administered by independent plan administrators through administrative service agreements. The plan is available to all employees of the City. Employees may defer a portion of their salary until future years. Deferred compensation is not available to employees until termination, retirement, death or financial hardship. The plan's assets are held in custodial accounts for the exclusive benefit of participants and beneficiaries and are not subject to the claims of the City's creditors, nor can they be used by the City for any purpose other than the payment of benefits to the plan participants. Accordingly, these plan assets and related liability are not recorded in the City's basic financial statements.

**Note 17 - Commitment and Contingencies**

At June 30, 2024 the City was significantly committed on outstanding construction, engineering, consulting, service and equipment purchase contracts as follows:

Governmental activities:		
General Fund	\$	1,343,000
Streets & Operations Fund		3,634,718
Fire/EMS Fund		11,229,988
2020 General Obligation Bond Construction Fund		4,086,603
Internal Service Funds		99,762,223
Nonmajor Governmental Funds		<u>5,919,841</u>
	\$	<u>125,976,373</u>
Business-type activities:		
Water Fund		13,407,779
Water Reclamation Fund		15,356,663
Nonmajor Business-type Funds		<u>2,557,758</u>
	\$	<u>31,322,200</u>

The City expects to use fee revenues and/or discretionary funds to meet the commitments in the General Fund and system revenues to meet the commitments in the Water Fund. Debt proceeds will be used for commitments in the Transportation Construction, GO Bond 2020, Water Reclamation, Stormwater and Internal Service Funds.

The City has agreements to reimburse various developers for the construction of certain transportation, water and water reclamation infrastructure through system development charges or recovery fees collected from properties established as reimbursement or recovery areas. As of June 30, 2024 amounts collected and potentially due to developers totaled \$82,906 and are recorded as a liability in the System Development Charges Fund.

The City receives notices of potential tort claims from time to time. If litigation materializes, it is defended and covered by the City's insurance carrier, Citycounty Insurance Services (CIS). Because of the insurance coverage, these cases do not create a risk of direct financial loss, other than the extent of the City's insurance deductible.

Various claims and lawsuits involving the City can be pending at any given time. These claims are either covered by insurance or are the types which are normal in view of the City's operations and which do not present any material risk of financial disruption. City management believes that the total amount of liability, if any, which may arise from such claims and lawsuits beyond that which is covered by insurance would not have a material effect on the City's financial condition or its ability to carry on its activities substantially as now conducted.

In August 2021, a case involving the legality of 2017 changes to the City's room tax code was decided by the Oregon Court of Appeals. The court concluded state law requires that the City must allocate no less than 35.4% of its total room tax revenues to tourism purposes, rather than the 31.2% allocation made effective through a 2017 change to the City code. To respond to the ruling, the City recently amended its code to restore the 35.4% allocation. Because the City accounted for the possibility of the outcome, the decision is not expected to have an unexpected impact on the City's financial position. As of June 30, 2024, the General Fund has \$2.3 million in restricted fund balance equal to the increased allocation of room tax revenues through the end of fiscal year 2024.

**City of Bend, Oregon**  
**Notes to Financial Statements**  
**For the Year Ended June 30, 2024**

**Note 17 - Commitment and Contingencies (Continued)**

The City is currently assessing the alternatives for the use of the funds on tourism activities in accordance with state regulations. As of July 1, 2022, 35.4% of room tax revenues are being allocated directly to the tourism fund.

**Note 18 - Subsequent Events**

On October 4, 2024 the City entered into a Purchase and Sale Agreement with a third party to purchase 184 NE Franklin Ave, 615 NE 2nd Street, and 637 NE 2nd Street. The agreed price is \$3,500,000, subject to an appraisal and the meeting of other conditions in the agreement. An earnest money deposit was put in an escrow account and will be applied to this purchase when closed or returned to the City.

## **Required Supplementary Information**

## General Fund and Major Special Revenue Funds

### General Fund

This fund accounts for the City's police and municipal court operations, allocation of general discretionary revenues and other general services of the City not accounted for in any other fund. Principal sources of revenue are property taxes, transient room taxes, franchise fees, intergovernmental revenues and municipal court fines. Primary expenditures are for police and municipal court operations and transfers of general discretionary revenues to other governmental funds.

### Streets & Operations Fund

This fund accounts for the City's street maintenance and transportation engineering operations that are funded mainly by state highway apportionment, garbage franchise fees, charges for services, grants, and allocation of general discretionary revenues.

### Fire/EMS Fund

This fund accounts for the fire suppression, prevention, and emergency medical services which are funded primarily by general fund discretionary revenues, fire protection contracts, charges for emergency medical services, property taxes, and transient room taxes.

### System Development Charges (SDC) Fund

This fund accounts for the collection of system development charges for street, water and water reclamation systems. Revenues are used to fund eligible construction projects.

Notes:

The City has not established a trust fund to supplement the costs for the net OPEB obligation. The City's funding policy provides for contributions at amounts sufficient to fund benefits on a pay-as-you-go-basis.

(1) Only years with available information are presented.

**City of Bend, Oregon**  
**Notes to the Required Supplementary Information**  
**For the Year Ended June 30, 2024**

Required Supplementary Information includes budgetary comparisons for the General Fund, the Transportation Operations Fund, the Fire/EMS Fund, and the System Development Charges Fund. The budgetary comparison information for all other funds can be found in Other Supplementary Information which follows this section.

**Note 1 - Budgetary Information**

Municipal budgets are adopted on a basis consistent with Oregon Revised Statutes (ORS 294 – Local Budget Law) and generally accepted accounting principles (GAAP). The City Manager is responsible for submitting a proposed budget to the Budget Committee comprised of the City Council and an equal number of citizens of the City. The City is required to prepare a budget for each fund that is balanced in accordance with Oregon Revised Statutes. Each fund is budgeted on the modified accrual basis of accounting.

The Budget Committee conducts public hearings for the purpose of obtaining citizens' comments, and then approves a budget and submits it to the City Council for final adoption. The approved expenditures for each fund may not be increased by more than 10 percent by Council without returning to the Budget Committee for a second approval. After the Council adopts the budget and certifies the total ad valorem taxes to be levied, no additional tax levy may be made for that budget period.

The City Council legally adopts the biennial budget by resolution before July 1 of odd numbered years. The resolution establishes appropriations for each fund and sets the level by which expenditures and other uses cannot legally exceed appropriations. In the General Fund and the Internal Service Fund, the levels of budgetary control established by resolution are set at the program/division level. For all other funds, the levels of budgetary control are personal services, materials and services, debt service, capital outlay, transfers and operating contingency.

Appropriations lapse as of the end of the biennium for goods or services not yet received. The City Council may modify the budget by transferring appropriations between levels of control and by adopting supplemental budgets. Unexpected additional resources may be added to the budget through the use of a supplemental budget. Some supplemental budgets require hearings before the public, publications in newspapers and approval by the City Council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the City Council. Supplemental appropriations were approved by the City Council for the 2023-25 biennium. All appropriations terminate on June 30, 2025.

## **Major Enterprise Funds**

### Water Fund

This fund accounts for the maintenance, operation and construction of the City's water intake, purification and delivery systems. Primary revenues are user fees and system development charges.

### Water Reclamation Fund

This fund accounts for the maintenance, operation and construction of the City's wastewater collection and treatment system. Primary revenues are user fees, system development charges, and proceeds from the issuance of debt.

## Nonmajor Special Revenue Funds

### Helen Lorenz Estate Fund

This fund accounts for earnings received from the Helen Lorenz estate and expenditures to fund Public Safety purposes.

### Building Fund

This fund accounts for the City's building permitting, inspection and compliance operations. The principal sources of revenues are permit fees and other fees charged for services provided.

### Planning Fund

This fund accounts for the City's current planning activities. Revenues include plan review fees and transfers from other City Funds.

### Private Development Engineering Fund

This fund is responsible for ensuring that all public improvements made in conjunction with community development are constructed to development standards so they can be accepted into the inventory of public assets in perpetuity. Revenue is mainly generated by user fees.

### Community Development Block Grant (CDBG) Fund

This fund accounts for monies received from federal Community Development Block Grants. Revenues include grant receipts, as well as loan repayments from prior loan recipients. Expenditures are for the distribution of grants for qualified projects and/or loans to qualified recipients.

### Houseless Fund

This fund accounts for operations related to shelters, managing right of way and related services and support to the community along the housing continuum. Revenue is made up of federal, state, and local grants.

### Affordable Housing Fund

This fund accounts for the affordable housing program. Funding is provided by a fee of one-third of one percent of the total building permit valuation for all building permits issued. Expenditures are for housing opportunities for residents at or below 80% of the median income.

### Commercial and Industrial Construction Tax Fund

This fund accounts for the Commercial and Industrial Construction Tax in accordance with Bend Code Chapter 9.45. Tax revenues are initially recorded in the City's General Fund and then transferred in to this Tax fund. Revenue is generated by a tax of one-third of one percent of permit valuation assessed for all building permits for commercial and industrial improvements that result in a new structure or additional square footage.

### American Rescue Plan Act (ARPA) Fund

This fund accounts for funds received from the US Department of Treasury through the American Rescue Plan Act, Coronavirus State and Local Fiscal Recovery funds.

### Business Advocacy Fund

This fund accounts for business license revenues and expenditures for the purpose of providing a liaison function between businesses and the City.

### Tourism Fund

This fund accounts for tourism promotion sponsored by the City. The principal source of revenue is transient room tax allocations. Expenditures are to other agencies to promote tourism and economic development efforts.

### Economic Improvement District (EID) Fund

This fund accounts for the collection and disbursement of assessments from the Downtown Economic Improvement District.

### Police Reserves Fund

This fund accounts for the reserves of the police department.

## Nonmajor Debt Service Funds

### BURA Murphy Crossing Debt Service Fund

This fund accounts for the debt-related activities of the Bend Urban Renewal Agency's Murphy Crossing urban renewal district. The principal source of revenue is property taxes which will be used to pay the principal and interest on outstanding tax increment bonds.

### Fire Station Debt Service Fund

This fund accounts for the servicing of bonds issued to fund construction of fire stations. The principal source of revenue is payments from the Deschutes County Rural Fire Protection District. Expenditures are for principal and interest payments on the outstanding debt.

### PERS Debt Service Fund

This fund accounts for the servicing of pension obligation bonds issued to reduce the City's unfunded actuarial liability.

### BURA Juniper Ridge Debt Service Fund

This fund accounts for the debt-related activities of the Bend Urban Renewal Agency's Juniper Ridge urban renewal district. The principal source of revenue is property taxes which will be used to pay principal and interest on outstanding tax increment bonds.

### BURA Core Area Debt Service Fund

This fund accounts for the debt-related activities of the Bend Urban Renewal Agency's Core Area tax increment financing (TIF) district. The principal source of revenue is property taxes on new growth or assessed value increment within the Core Area TIF District.

### 2011 General Obligation Bond Debt Service Fund

This fund accounts for the collection of property taxes and the servicing of the related general obligation bonds.

### 2020 General Obligation Bond Debt Service Fund

This fund accounts for the debt service associated with the General Obligation (GO) Bonds issued for transportation construction projects included in the GO Bond approved by voters in November 2020. The principal source of revenue to pay the debt comes from property taxes.

## **Nonmajor Capital Projects Funds**

### Local Improvement District Construction (LID) Fund

This fund accounts for the cost of construction and related interim financing for public improvements which primarily benefit the property owners against whose properties are levied a special assessment. Construction period financing is obtained through short-term borrowing or interfund loans.

### BURA Murphy Crossing Construction Fund

This fund accounts for the cost of construction and related interim financing for transportation and public utility improvements and other land use development. The principal source of revenue is proceeds from borrowings.

### BURA Juniper Ridge Construction Fund

This fund accounts for the cost of construction and related interim financing for transportation and public utility improvements and other land use development. The principal source of revenue is contributions from other funds and proceeds from borrowings.

### BURA Core Area Construction Fund

This fund accounts for projects in the Core Area tax increment financing district. The principal source of revenue is proceeds from borrowings.

### Accessibility Construction Fund

This fund accounts for construction and debt service activities related to improving accessibility. Funding is provided from the General Fund and franchise fees.

### Transportation Construction Fund

This fund accounts for the construction of streets, bridges, and trails. The principal sources of revenue are franchise fees, transfers from the System Development Charges (SDC) Fund, and proceeds from borrowings

## **Nonmajor Enterprise Funds**

### Airport Fund

This fund accounts for the operations of the City's municipal airport. The principal sources of revenue are grants, and hangar, ground and operator leases. Expenses are for maintenance and improvements of airport facilities.

### Cemetery Fund

This fund accounts for the operations of the City cemetery. The principal sources of revenues are user charges and interest income which are used to fund maintenance and capital improvements at the cemetery.

### Parking Services Fund

This fund accounts for the operation of City-owned parking facilities. Revenue sources include parking fees, fines and rental charges. The revenue is used for program administration and management.

### Stormwater Fund

This fund accounts for the operation of the City's stormwater facilities. The primary revenue source is user fees.

## Internal Service Funds

### Internal Service Fund - City Wide Administration

#### **Administration and Central Services Program**

To account for the general government and finance functions. User charges are generated to cover the full cost of operations of the City Council, City Manager's office, Volunteer Program, Communications, Human Resources, Purchasing and Finance.

### Internal Service Fund - Departmental Administration

#### **Administration and Central Services Program**

To account for the maintenance and service of all City vehicles and heavy equipment, excluding the police department fleet. Revenue is generated by charges to the departments receiving service.

#### **Community and Economic Development Program**

To account for the support services provided to the operational divisions within the Community Development Department: Building, Planning, and Private Development Engineering.

#### **Infrastructure Program**

The Utilities Laboratory and Engineering & Infrastructure Planning activities provide services to the other City departments or function. Revenue is generated from overhead allocation through the City's cost allocation plan to the departments or funds receiving services.

### Internal Service Fund - OPEB

#### **Administration and Central Services Program**

To account for the accumulation of reserves for future payments of OPEB liabilities. Revenue is from charges to other funds.

**City of Bend, Oregon**

**Notes:**

Clean Water State Revolving Loan has been abbreviated to CWSRL

\* Total Debt Service Requirements of Direct Borrowing and Direct Placement Obligations include preliminary repayment schedules for Clean Water State Revolving Fund loans that are based on current amounts outstanding. Final repayment schedules will be determined when the final loan amount is drawn down.

## **STATISTICAL SECTION**

## STATISTICAL SECTION

This part of the City of Bend's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

### Financial Trends

These schedules contain trend information to help readers understand how the City's financial performance and well-being have changed over time.

### Revenue Capacity

These schedules contain information to help readers assess the City's most significant local revenue source, property tax.

### Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

### Demographic and Economic Information

These schedules offer demographic and economic indicators to help readers understand the environment within which the City's financial activities take place.

### Operating Information

These schedules contain service and infrastructure data to help readers understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

Deschutes County Assessor's Office

(1) Value represents the real market value of taxable properties, including special assessed properties such as farms. This value is also commonly referred to as the "Measure 5 value" by county assessors.

(2) Total assessed value as shown here is Total Assessed Value less Veterans exemption.

(3) Assessed value of property in the City on which the lower rate is applied to derive ad valorem property taxes, excluding urban renewal and any other offsets.

(4) Increase in Urban Renewal Excess is due to the addition of the Core Area Tax Increment Financing District.

Source:

State of Oregon, Treasury Department

Notes:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Bend. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

(1) Net property-tax backed debt includes all Full Faith and Credit Obligations, limited-tax general obligation bonds, and unlimited-tax general obligation bonds. \$61,996,950 of this total is being repaid by sources other than taxes. Total direct debt reported does not include Revenue Bonds and Direct Borrowing and Direct Placement Obligations.

(2) Percent applicable to City of Bend represents the City's real market value as a percent of the real market value of the respective jurisdictions.

Sources:

- (1) Population figures obtained from Portland State University Population Research Center. Population numbers used the most current population number available when the statements are published. This has changed the Average Density and Per Capita Income accordingly for years 2015 - 2021.
- (2) Square mileage increased due to the Urban Growth Boundary expansion in 2016. The increase in Fiscal 2022's square mileage is due to the annexation of the Stevens Ranch tract.
- (3) Per capita personal income figures are for the Bend-Redmond Metropolitan Statistical Area and are obtained from the U.S. Department of Commerce, Bureau of Economic Analysis. Although the Bureau of Economic Analysis provides annual revisions to prior year data, the City, for consistency, continues to report the data that was originally reported in prior years.
- (4) School enrollment figures obtained from Bend-LaPine Administrative School District No. 1 and does not include alternative schools.
- (5) Unemployment rates represent June seasonally adjusted unemployment rates for the Bend Metropolitan Statistical Area obtained from the US Department of Labor, Bureau of Labor Statistics. Seasonally adjusted data for metropolitan areas and metropolitan divisions based on the 2010 Office of Management and Budget (OMB) delineations were introduced on July 1, 2015.
- (6) Increase in unemployment rate in fiscal year 2020 was a result of COVID-19 and the statewide mandated shutdown.

(1) Physical Arrests and Traffic Violation figures were corrected back to 2014 in Fiscal Year 2016.

(2) Significant decrease in the number of fire inspections is attributed to accuracy in data reporting. Previous method for collecting data included various non-relevant data.

(3) Starting in 2017, street miles swept is being tracked more accurately by job. In previous years, it was based solely on odometer readings, which did not accurately convey the lane miles swept. A correction for an error for 2017 was made in 2020.

(4) Street signs repaired/replaced decreased in 2017 due to having less resources available.

(5) In FY 2016-17, the City of Bend sold a portion of the water system to two other water providers. This sale affected the number of new connections.

## **COMPLIANCE SECTION**

## **Report of Independent Auditors Required by Oregon State Regulations**

Honorable Mayor and City Council  
City of Bend, Oregon  
Bend, Oregon

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bend, Oregon (the City) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Bend's basic financial statements, and have issued our report thereon dated December 12, 2024.

### **Compliance**

As part of obtaining reasonable assurance about whether the City's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules (OAR) 162-010-0000 to 162-010-0330, of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to, the following:

- Accounting records and internal control
- Public fund deposits
- Indebtedness
- Budget
- Insurance and fidelity bonds
- Programs funded from outside sources
- Highway funds
- Investments
- Public contracts and purchasing

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of ORS as specified in OAR 162-010-0000 through 162-010-0330 of the Minimum Standards for Audits of Oregon Municipal Corporations.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the council members and management of the City and the Oregon Secretary of State and is not intended to be, and should not be, used by anyone other than these parties.

## **Single Audit Compliance**

**Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Honorable Mayor and City Council  
City of Bend, Oregon  
Bend, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bend, Oregon (the City) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 12, 2024.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Report of Independent Auditors on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance**

Honorable Mayor and City Council  
City of Bend, Oregon  
Bend, Oregon

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Federal Program***

We have audited the City of Bend's (the City's) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2024. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

#### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control Over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Note 1 - Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of the City of Bend under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**Note 2 - Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 3 - Program Income**

The City received Program Income from repayment of federally funded loans receivable and/or interest income on repaid funds which accounted for a portion of federal expenditures for the associated Federal Assistance Listing Number (ALN).

<u>Program Title</u>	<u>ALN</u>	<u>Amount</u>
Community Development Block Grants/Entitlement Grants	14.218	127,725

In addition, in fiscal year 2024, the City received \$52,568 from loan repayment of federally funded Neighborhood Stabilization loans that have not yet been lent back out as of June 30, 2024.

**City of Bend, Oregon**  
**Schedule of Findings and Questioned Costs**  
**For the Year Ended June 30, 2024**
